United States Court of Appeals for the Fifth Circuit

ORDER
General Docket No. 2021-4

An unprecedented winter storm has disrupted delivery of electricity and other essential services including internet access to broad swaths of the states comprising the Fifth Circuit. The storm has also rendered travel impossible in some areas. Recognizing that complying with deadlines or requesting extensions of deadlines will be impossible for some filers it is necessary to issue this order:

The Clerk's Office will extend all current deadlines that fall due between Monday, February 15, 2021 and Friday, February 26, 2021 by 14 days.

Dated this 18th day of February 2021.

Priscilla R. Owen
