Re: Newspaper and Mail Deliverers' Union
(NYP Holdings Inc., d/b/a The New York Post)
Case Nos. 2-CB-21740, et al.
and
Newspaper and Mail Deliverers' Union
(City & Suburban Delivery Systems, Inc.)
Case Nos. 2-CB-21842, et al.

Dear Mr. Heltzer:

On February 22, 2012, Counsel for the Acting General Counsel submitted a letter to your office requesting that March 15, 2012 be set as the uniform date for all parties in this case to file exceptions to the Administrative Law Judge's decision. We have not received a response to our request. Pursuant to Section 102.46(a) of the Board's Rules and Regulations, General Counsel therefore requests that the time to file exceptions to the Administrative Law Judge's decision in the above-referenced case be extended to April 6, 2012. General Counsel requests the extension of time due to the extensive record, the length of the Administrative Law Judge's Decision, and the number of complex issues involved in this matter in which two separate consolidated complaints were consolidated for hearing.

General Counsel has conferred with Counsels for the Newspaper and Mail Deliverers' Union, New York Post, City & Suburban Delivery Systems, and the New York Times and they have no objections to the General Counsel's request. General Counsel has also informed all Charging Parties of the substance of our request and directed them to contact us if they have an objection. The Charging Parties who responded to the General Counsel, with the exception of

Stefani Lombardi (who appears as Stefani Cotler in the case caption), similarly do not object to the General Counsel's request. Ms. Lombardi's objection is based on the time that has elapsed so far in the processing of this case. At this time, the General Counsel has not received any response from Terrance Bright, John Smith, Raimond Moran, John Cassaro, and Christopher Fabiani regarding our request for an extension of time.

Thank you for your consideration.

Very truly yours,

Olga C. Torres BYCF

Olga C. Torres
Counsel for the Acting General Counsel
