Re: Allservice Plumbing and Maintenance, Inc.
Case 15-CA-19433; 15-CA-19456

Dear Mr. Orgeron:

This letter acknowledges receipt of the Respondent's Request for Reconsideration filed with the Office of the Executive Secretary on February 3, 2012. In this request, Respondent claims that it filed a timely "Request for Review and Exceptions" on January 3, 2012. Our records indicate, however, that the one-page document, filed on January 3, is entitled "Request for Review of Compliance Determination." On January 24, 2012, after the Board adopted the decision of the Administrative Law Judge in the absence of exceptions, the Respondent filed a Request for Special Permission to Appeal. This request was treated as a request to file exceptions, and was denied on January 30, 2012. Subsequently, the Respondent filed the Request for Reconsideration.

Section 102.46(a) of the Board's Rules and Regulations require that exceptions be filed within 28 days from the date of the service of the order transferring the case to the Board. In this case, the Order Transferring Proceeding, which accompanied the Administrative Law Judge's decision, noted December 29, 2011 as the date that exceptions were due. Therefore, the document entitled "Request for Review of Compliance Determination," filed on January 3, 2012, is untimely. If the Respondent sought to receive extra time to file exceptions, it was required to have done so prior to the exceptions deadline.

Even assuming that the Respondent's "Request for Review of Compliance Determination" was timely filed on January 3, 2012, these "exceptions" are deficient

under Section 102.46(b)(1) of the Rules and Regulations, and therefore cannot be considered by the Board.

Accordingly, because the Respondent has failed to file timely exceptions to the Administrative Law Judge's decision, and did not file a timely extension of time to file such exceptions, the request for reconsideration is **denied**.

Very yours truly,

Farah Z. Qureshi
Associate Executive Secretary
