ORDER

The Employer's Request for Review of the Regional Director's Decision and Direction of Election is granted as it raises substantial issues regarding the assertion of jurisdiction over the Employer. In addition to the issue of whether the Board should deny jurisdiction because the Employer qualifies as a religious educational institution under the United States Supreme Court's decision in *NLRB v. Catholic Bishop of Chicago*,<sup>1</sup> we invite the parties to discuss in their briefs on review the issue of whether the Board should assert or deny jurisdiction over the specific petitioned-for employees, the Employer's housekeeping employees.
