ARTICLES OF AGREEMENT

THIS AGREEMENT, entered into on September 19, 2012 between VERIZON DELAWARE INC., a corporation organized under the laws of the State of Delaware, VERIZON SERVICES CORP. (herein collectively called the "Company"), and THE COMMUNICATIONS WORKERS OF AMERICA, AFL-CIO on behalf of its affiliated Local 13101, THE UNITED TELEPHONE WORKERS OF DELAWARE, an unincorporated association;

WHEREAS, on November 28, 1952, the Company and the Union entered into an Agreement with respect to terms and conditions of employment, which Agreement, as amended, was subject to termination on August 6, 2011 as provided in Article 33 thereof; and

WHEREAS, on August 28, 1992, the Company and the Union entered into an Agreement that certain employees of the Financial Organization will be represented by the Union and included under the Articles of Agreement and Exhibit A of this Agreement; and

WHEREAS, on May 3, 1977, the Company and the Union entered into Agreement that certain employees in the Outside Plant Engineering organization shall be represented by the Union and included under the Articles of Agreement and Exhibit A of this Agreement; and

WHEREAS, the Company and the Union recognize the importance of maintaining and promoting equitable and harmonious industrial relations and achieving a high level of productivity and efficiency.

NOW THEREFORE, the parties agree that the Agreement of November 28, 1952, as amended, shall be further amended in accordance with the following:

ARTICLE 1
DEFINITIONS

1.01 *Employee*

- (a) An employee in any of the occupations listed in Sections A1.02 and A11.02 of Exhibit A who is employed in the following organizations (understood in prior agreements to mean Plant employees):

Customer Services
Distribution Services
Network Services
Outside Facilities Construction
Outside Facilities Engineering
Support Services
Financial Organization

- (b) Employees are further classified in accordance with the following:

1.011 *Regular Employees*

Employees other than Temporary, Term or Occasional employees.

(a) *Full-Time Employees*

Employees whose regular assignments of work are normal work weeks.

(b) *Part-Time Employees*

Employees who are employed and normally scheduled to work less hours per average month than comparable Full-Time employees in the same job title, classification and work group working the same normal daily tour.

1.012 *Temporary Employees*

Employees engaged for a specific project or a limited period, with the definite understanding that their employment is to terminate upon completion of the project or at the end of the period, and whose term of employment is expected to continue for more than three weeks but ordinarily for not more than six (6) months.

1.013 *Term Employees*

Employees whose term of employment is intended to last longer than six (6) months but no longer than thirty-six (36) months. Term employees are engaged with the understanding that they will remain in the same occupational title for the duration of their term of employment. No more than 50 employees in the Plant Organizations may be in the Term classification. The Company will give notice to the President of the Union in advance of hiring a Term employee.

1.014 *Occasional Employees*

Employees engaged on a daily basis for a period of not more than three (3) consecutive weeks, or for a cumulative total of not more than thirty (30) days, in any calendar year, regardless of the length of the daily or weekly assignments. An Occasional Employee who actually works or is engaged to work in excess of three (3) consecutive weeks or thirty (30) days in a calendar year shall be reclassified as a Regular, Term, or Temporary, Full-Time or Part-Time Employee, as appropriate.

1.015 The term “service” when referring to an employee means the employee’s net credited service unless it is clear that some other meaning is intended.

1.016 “Net credited service” means the current period of continuous employment with the Company, together with any other employment to the extent bridged or otherwise recognized, less all deductible periods of absence, all as determined from the payroll records for the employee affected.

1.017 The use of the masculine or feminine gender in this contract shall be construed as including both genders and not as sex limitations unless the contract clearly requires a different construction.

1.018 The “Union” means the United Telephone Workers of Delaware, CWA - Local 13101 and/or Communications Workers of America, AFL-CIO.

ARTICLE 2 RECOGNITION

- 2.01 The Company recognizes the Union as the exclusive bargaining agent of the employees for the purpose of collective bargaining with respect to rates of pay, hours of employment and other conditions of employment.
- 2.02 Employees assigned “confidential” titles shall not be represented by or hold membership in the Union. Such titles shall not be assigned to more than eight employees at any one time. If an employee so assigned objects to the confidential classification, the Company will reassign the employee to work which is not confidential without a change in title.
- 2.03 Representatives of the Union in attendance at conferences with representatives of the Company will be excused from duty during “normal worktime” or “scheduled hours”, as applicable, and paid for absent time actually spent in such conferences at their basic hourly wage rates. However, when a conference is conducted for the purpose of negotiating or renegotiating the terms of agreement covering rates of pay, hours of employment or other conditions of employment under this Agreement with an authorized Company representative, such payments shall not be made to more than seven (7) employees represented by the Union in attendance at the particular conference.
- 2.04 The Company recognizes the Union has appointed Shop Stewards to act as representatives of the Union solely for the purpose of reviewing grievances at the first step of the grievance procedure. These appointed persons shall not be considered “representatives” of the Union for any other portion of the contract.

The Union will keep the Company advised of the names and no more than thirty employees at any one time may be appointed as Shop Stewards.

ARTICLE 3
DEDUCTIONS OF UNION DUES PAYMENT

3.01 The Company will deduct Union membership dues or an amount equal to the periodic dues applicable to members, from the weekly wages or sickness or accident benefits of any employee, upon written authorization signed by the employee, until such authorization is revoked by the employee in writing, or until the employee is formally separated from the bargaining unit. Formal separation includes transfers out of the bargaining unit and removal from the payroll of the Company. Deductions shall be reinstated within 30 days following the employee's return to the bargaining unit, provided a new authorization is submitted. No deductions will be made in any week in which the wages or sickness or accident benefits of an employee amount to less than the total of all deductions authorized for the employee.

For purposes of this Section, leaves of absence not exceeding one year will not be considered as formal separations from the bargaining unit.

3.02 The Company will forward to the Union the weekly amount deducted, together with supporting information as agreed to by Company and Union.

ARTICLE 4
PROMOTIONS AND TRANSFERS OF
UNION REPRESENTATIVES

4.01 The Company will not promote or transfer a Representative of the Union without giving written notice of its proposed action to the Union if the promotion or transfer will affect the status of the employee as a Representative of the Union and is for a period of more than six months or is for a period of more than six weeks if it would require the employee to work in a building other than the one in which he normally works. If the Union objects in writing within two weeks of the notification, the Company will not make the promotion or transfer. The Union will keep the Company Labor Relations Manager advised of the names of all its Representatives so that the Company may give any required notice.

ARTICLE 5
BULLETIN BOARDS

5.01 The Union will have the right to erect bulletin boards at its own expense, except that the location, number and construction of such bulletin boards will be subject to the approval of the Company. The Union agrees not to post any objectionable matter on the bulletin boards. Should the Union post any objectionable matter, on the complaint of the authorized representative of the Company to a Representative of the Union, such material will be promptly removed by the Union. If a Representative of the Union is not promptly available, the authorized Representative of the Company after making reasonable efforts to contact a Representative of the Union shall have the right to remove any objectionable material without prior notice to the Union.

ARTICLE 6
WAGES

- 6.01 The wages to be paid to Regular, Term and Temporary Employees, the additional wage increases to be granted during the life of this Agreement, and the time at which such additional wage increases will be granted, are set forth in Sections A62 and A63 of Exhibit A attached to and made part of this Agreement.
- 6.02 The Company will not, except as the result of the application of the Notes on Wage Schedule Administration set forth in Section A62 of Exhibit A, reduce the basic weekly wage rate of any Regular, Term or Temporary Employee.
- 6.03 If the Company establishes a new location for an existing occupation it will notify the Union of the action taken. The notice will be given in advance wherever reasonably possible. If the basic weekly wage rate established by the Company is unsatisfactory to the Union, the Company within thirty (30) days after notice by the Union will meet and negotiate the proper weekly wage rate.
- 6.04 If the Company reestablishes any occupation which has been eliminated by agreement subsequent to October 12, 1960, the minimum and maximum wage rates and wage increase schedule for such occupation shall be reestablished as modified by any wage changes applicable thereto which the parties negotiated since the elimination of such occupation.

ARTICLE 7
WORKING CONDITIONS

- 7.01 The working conditions applicable to employees are set forth in Exhibits A attached and made part of this Agreement.

ARTICLE 8
LAYOFFS MADE NECESSARY BY REDUCTION
IN THE VOLUME OF WORK

- 8.01 Reduction in work time may be accomplished by part-timing, layoffs, or a combination of the two. The Company will determine the necessity for reductions in work time, the extent of the reductions required and the occupations and the payroll locations affected.
- 8.02 As used in this Article, “service” means the period of time since the “Verizon Service Date” which date appears on the Company’s records for each employee. In addition, in the case of an employee taken over from another telephone company at the time of either the purchase of the physical property of such other company by the Company or the consolidation or merger of such other Company with the Company, it includes continuous service with such other company immediately prior to service with the Company which has not already been included in determining the employee’s “Verizon Service Date.”
- 8.03 As used in this Article, a “Service Group” consists of all employees in any one occupation in the particular organization throughout the Company in the case of employees covered by Exhibit A, whose service, as defined in Section 8.02, began in a particular calendar year. Service Groups are designated by numbers, No. 1 consisting of employees whose service began in the current year, No. 2 consisting of those whose service began in the preceding calendar year, etc.
- 8.04 The Company, without giving notice to the Union, may:
- 8.041 Layoff Occasional, Temporary, and Term Employees, without regard to their service.
 - 8.042 After having laid off Occasional, Temporary and Term Employees, part-time, not more than two days per week, Regular Full-Time Employees in the occupation in the exchange or location having less than two years’ service.

8.05 *Incidental Layoffs*

8.051 The Company, after giving notice to the Executive President of the Union, may:

Make incidental layoffs of individual employees in Service Groups 1 through 9 in an occupation in the Company which may be necessary because of the normal fluctuation of the business or because of minor readjustments of force when a general layoff is not anticipated and when there is no part-timing in such occupation anywhere in the Company. Each employee so laid off will be paid a layoff allowance in accordance with the terms of Subsection 8.08.

8.052 When employees are to be laid off under the provisions of 8.051, they will be laid off to the extent necessary in the following order:

- (a) Service Groups 1 and 2 in numerical order. All employees in each Service Group will be considered to have the same service.
- (b) Remaining employees in the affected occupation in the Company in Service Groups 3 through 9 in inverse order of seniority. The Company may retain, without regard to seniority, up to 5% of the employees in each of the Service Groups 3 through 9.

8.053 The Executive President of the Union will be notified, in writing, of the names of the employees retained under the provisions of Section 8.052(b). The employees retained under Section 8.052(b) will not be transferred or laid off under Sections 8.054 or 8.06 in order to avoid transferring or laying off employees of greater service.

8.054 If, as a result of the order of layoff specified in Section 8.052, it is necessary to transfer the employee in a given location in the Company with the least service to another location anywhere in the Company to replace an employee in that location with less service who is to be laid off, or if an employee who is about to be laid off requests to be transferred to a job in another occupation anywhere in the Company which is either unfilled or held by an employee with less service, the employee will be transferred to the unfilled job or to the job of the employee with the least service, provided the employee has had prior experience in the job to be filled, as shown by the employee's service record, and is qualified, in the judgment of the Company, to take the job without additional training.

If the employee does not meet the above qualifications or does not accept the transfer within seven days, the employee may be laid off and the other employee with less service retained.

In any case, where a transfer results from a layoff under this Section, the employee transferred will not be paid for any travel time or reimbursed for any expenses resulting from the transfer.

8.06 *General Layoffs*

8.061 Before instituting any program for the reduction of work time, other than any reduction covered by the above, the Company will give the Union thirty days' notice of such intention. During this period, the Company will consult with the Union regarding the method of effecting the reduction in work time, and will give consideration to the recommendations of the Union before arriving at a final decision as to the method to be pursued.

8.062 Except as provided in this Section and in Section 8.07, no employee, other than those covered by Sections 8.04 and 8.05, will be laid off in any occupation while there is an employee in that occupation with less service anywhere in any location listed in Sections A63.

8.063 When employees are to be laid off in any occupation, they will be laid off to the extent necessary in the following order:

- (a) Occasional and Temporary Employees.
- (b) Term Employees, without regard to their service.
- (c) Service Groups 1 and 2 in numerical order, all employees in each Service Group being considered as having the same service.
- (d) Remaining employees in the affected occupation in the Company in inverse order of seniority. The Company may retain, without regard to seniority, up to 5% of the number of employees in each of the Service Groups 3 through 15.

8.064 The Union Executive President will be notified, in writing, of the names of the employees retained under the retention provision of this Section.

8.065 Employees retained under the retention provision of this Section will not be transferred or laid off under Section 8.07 in order to avoid transferring or laying off employees of greater service.

8.066 Nothing herein shall be construed as prohibiting the Company from reassigning an employee to another occupation.

8.067 This Section will be applied on a Company-wide basis with respect to employees covered by Exhibit A.

8.07 If as a result of the order of layoff of employees covered by Exhibit A, as specified in Section 8.063, it is necessary to transfer the employee in a given location with the least service to another location anywhere in the Company to replace an employee in that location with less service who is to be laid off, or if an employee who is about to be laid off requests to be transferred to a job in another occupation anywhere in the Company which is either unfilled or held by an employee with less service, the employee will be transferred to the unfilled job or to the job of the employee with the least service provided the employee has had prior experience in the job to be filled and is qualified, in the judgment of the Company, to take the job without additional training.

If the employee does not meet the above qualifications or does not accept the transfer within seven days, the employee may be laid off and the employee with less service retained. In any case where a transfer results from a layoff under this Section the employee transferred will not be paid for any travel time or reimbursed for any expenses resulting from the transfer.

8.08 *Layoff Allowances*

- 8.081 Each employee laid off, except “Temporary,” “Term,” or “Occasional” employees, will be paid a layoff allowance in accordance with the following:
- (a) An employee with five years of service or less will be paid one week’s pay for each year of service.
 - (b) An employee with more than five, but not more than ten years’ service will be paid one week’s pay for each of the first five years and two weeks’ pay for each year thereafter.
 - (c) An employee with more than ten, but not more than fifteen years’ service will be paid one week’s pay for each of the first five years, two weeks’ pay for each of the next five years, and three weeks’ pay for each year thereafter.
 - (d) An employee with more than fifteen years of service will be paid one week’s pay for each of the first five years, two weeks’ pay for each of the next five years, three weeks’ pay for each of the next five years and four weeks’ pay for each year thereafter.
 - (e) In computing years of service, a fraction amounting to less than six months will be disregarded, and a fraction amounting to six months or more will be considered as a full year.
- 8.082 In addition to the above, the employee will be paid for any vacation to which the employee may be entitled.

- 8.083 A week's pay for a Regular Full-Time Employee will be at the employee's basic weekly wage rate even though part-timing is currently in effect.
- 8.084 A week's pay for a Regular Part-Time Employee, engaged or re-engaged prior to January 1, 1981, will be the employee's average weekly earnings, exclusive of any overtime worked or premiums paid, during the last three months preceding the layoff. A week's pay for a Regular Part-Time Employee, engaged or re-engaged after January 1, 1981, will be based on the employee's "part-time equivalent work week," in accordance with the provisions of Subsections A32.05.
- 8.085 If an employee who has received a layoff allowance is rehired and the number of weeks since the date of the layoff is less than the number of weeks upon which the allowance is based, less vacation, if any, the amount paid to the employee for the excess number of weeks shall be refunded to the Company, at the rate of ten percent per week of the employee's basic weekly wage rate.
- 8.086 If an employee who has been laid off and given a layoff allowance is subsequently reemployed and again laid off prior to the completion of three years' continuous service since the date of the latest rehiring, the layoff allowance in the case of the second layoff, or any subsequent layoff, will be based upon the length of service since the date of last reemployment and the employee will be paid any portion of the prior layoff allowance which has been refunded to the Company.
- 8.087 If an employee who has been laid off and given a layoff allowance is subsequently reemployed and again laid off after the completion of three or more years of continuous service, the layoff allowance to be granted to the employee shall be determined on the basis of service as defined in Section 8.02 of this Article.

8.09 Before offering employment to new employees in an occupation (except to employees taken over from other telephone companies at the time of either the purchase of the physical properties of such other companies or the consolidation or merger of such other companies with the Company), the Company will offer employment to former employees in such occupation in the organization who have been laid off as follows:

- (a) Employees in Service Groups 10 and over who have not been laid off more than three years - in the inverse order of layoff.
- (b) Employees in Service Groups 3 to 9, inclusive, who have not been laid off more than two years - in the inverse order of layoff.
- (c) Employees in Service Groups 1 and 2, who have not been laid off more than two years - in the inverse order of Service Groups. All employees in each such Service Group shall be considered as having the same service.

The Company's offer will be made in writing and mailed to the last known address of the employee and a copy furnished to the Union.

8.091 Such a former employee will be employed if the employee can meet the requirements of the available job, and if the employee responds within ten days and is available for duty within twenty days from the date the employee is offered employment. In the event the employee is unable to report within twenty days, the case will be given special attention and the Company may waive the twenty-day limitation. In the case of an emergency, employment may be given for the duration of the emergency to any applicant who can meet the requirements of the available job.

8.092 This Section will be applied on a Company-wide basis to employees covered by Exhibit A.

ARTICLE 9
CONTRACT LABOR IN THE PLANT ORGANIZATION

- 9.01 The Company will maintain its established policies as to the assignment of work in connection with the installation and maintenance of communications facilities owned, maintained, and operated by the Company; provided that the Company may contract work, if such contracting will not currently and directly result in the layoff or part-timing of Regular employees.
- 9.02 The Company, except in emergencies, will not enter into contracts with any company or agency, other than those referred to in Section 9.03 for the purpose of doing the work indicated therein, to do work which is similar in nature to that normally done by the Company's Plant employees, if:
- 9.021 Such action, in the judgment of the Company, would currently result in the layoff or part-timing of employees in the same occupation anywhere in the Company as those who would normally perform the work to be done under the contract.
- 9.022 Part-timing is in effect in the said occupation anywhere in the Company.
- 9.03 It is an established policy of the Company to have affiliated companies, connecting companies of the Company or of an affiliated company, other wire using companies, municipalities and governmental agencies, do work some of which is similar in nature to that normally done by the Company's employees. The kind and relative amount of such work which the Company's employees do and which the above mentioned companies, municipalities or agencies do varies from time to time. Nothing in this Article will prevent the Company from continuing this policy.
- 9.04 The Company, except in emergencies, will give the Union notice before it enters into any contract with any company or agency, other than those referred to in Section 9.03, to do outside plant construction or reconstruction work normally done by the Company's employees.

ARTICLE 10
PENSIONS AND BENEFITS

- 10.01 During the life of this Agreement the Company will not:
- 10.011 Make any change in the “Verizon Pension Plan” or the “Verizon Sickness and Accident Disability Benefit Plan” which would reduce or diminish the benefits or privileges provided by the Plans for employees within the bargaining unit without the agreement of the Union.
 - 10.012 Make any change in the Plans which would increase or enlarge the benefits or privileges provided by the Plans for employees within the bargaining unit without notice to the Union and an offer to bargain during the thirty days following such notice.
- 10.02 A claim that this Article has been violated may be submitted to arbitration under Section 13.10 of this Agreement. A claim of an employee within the bargaining unit that he has been deprived of any benefits or privileges to which he is entitled under the Plans may be processed as a grievance under the provisions of Article 13 of this Agreement. However, nothing in this Agreement shall be construed to subject the provisions of the Plans or their administration or the terms of a proposed change to arbitration.

ARTICLE 11
DEMOTIONS FOR MISCONDUCT,
DISCHARGES AND SUSPENSIONS

- 11.01 Any demotion for misconduct, discharge or suspension may be processed in accordance with the provisions of Article 13.

11.02 In the event the Union, within 30 calendar days from the date of the demotion for misconduct, discharge or suspension of any employee with six months or more of continuous service, charges that such employee has been demoted for misconduct, discharged or suspended without proper cause, the claim shall be reviewed in accordance with the provisions of Article 13. If the controversy is processed under that Article and not satisfactorily settled, either party may submit, by written notice, the question to arbitration as provided in Article 14 of this agreement. Such written notice must be given no later than 30 calendar days from the Company's or the Union's answer or the expiration of time within which to answer at the final step of the grievance procedure. If written notice of arbitration is not given within the time specified, the grievance shall be considered settled. Awards shall be retroactive to the extent provided in Article 18 of this Agreement.

ARTICLE 12 DISCRIMINATION FOR UNION ACTIVITY

12.01 The Company will not in any manner discriminate against any employee because of membership in or activity on behalf of the Union. Any claim charging discrimination because of such memberships or activity shall be reviewed in accordance with the provisions of Article 13. If the controversy is processed under that Article and not satisfactorily settled, either party may submit, by written notice, the question to arbitration as provided in Article 14 of this agreement. Such written notice must be given no later than 30 calendar days from the Company's or the Union's answer or the expiration of time within which to answer at the final step of the grievance procedure. If written notice of arbitration is not given within the time specified, the grievance shall be considered settled. Awards shall be retroactive to the extent provided in Article 18 of this Agreement.

ARTICLE 13
PROCEDURE FOR ADJUSTING GRIEVANCES

- 13.01 Any complaint or dispute arising between any employee and the Company shall be presented by the employee or by a Representative of the Union to the immediate management supervisor of the employee in an effort to reach a mutually acceptable adjustment.
- 13.011 Grievances must be presented within thirty (30) calendar days from the time the employee has knowledge of the act which is the basis of the dispute.
- 13.012 Any settlement or adjustment of a grievance at the first step shall be binding only for the particular grievance and shall not constitute precedent. Such settlements shall not be used in any legal or arbitration proceeding except in connection with a claim that the settlement has been violated.
- 13.02 If the matter is not satisfactorily adjusted at the first step and the grievance involves only the issue of discipline of an employee, the Union shall present the grievance to the second tier supervisor. If the grievance is for other than discipline, the Union shall present the grievance to the third tier supervisor. If there is no third tier supervisor, the Union shall present the grievance to the second tier supervisor. Regardless of whether or not the grievance is presented to a second or third tier supervisor, when it is presented at the second step of the grievance procedure, the grievant(s) or the Union shall provide the immediate management supervisor with a signed written submission from either the grievant(s) or Union of the grievance. This statement shall contain pertinent information including the circumstances giving rise to the grievance, places, times, dates, names of the employees involved, the Section of the Contract alleged to be violated, if any, and the remedy requested. This written statement shall accompany the grievance through the grievance procedure. Grievances must be presented within ten (10) calendar days of the answer provided at the first step. The grievance shall be heard at the mutual convenience of the parties, but in any event within three weeks from the date the grievance is placed on the agenda at the second step.

- 13.03 If the matter is not satisfactorily resolved at the second step and the grievance involves only the issue of discipline of an employee, the Union shall present the grievance to the third tier supervisor within ten (10) calendar days of the answer provided at the second step. This third step shall be the last step for all disciplinary grievances prior to arbitration.
- (a) If there is no third tier supervisor, the Company's answer at the second step shall be considered as the final step for all disciplinary grievances prior to arbitration.
 - (b) If both parties agree, the second and third steps can be combined into a single meeting with the third tier supervisor which shall be the third and final step for all disciplinary grievances prior to arbitration.
- 13.04 If the matter is not satisfactorily resolved at the second step and the grievance involves a matter other than discipline, the Union shall present the grievance directly to the Labor Relations Staff within 14 days of the answer provided at the second step. In any event the grievance must be heard within four (4) weeks from the date it was presented to the Labor Relations Staff. The Labor Relations Staff shall be the final step for all grievances involving matters other than discipline prior to arbitration.
- 13.05 The scope of the grievance may be enlarged or reduced at any step with the mutual consent of the parties.
- 13.06 Grievances held pending for further review shall be answered within 7 days after presentation at the first step and 14 days at the second and third steps. Nothing herein shall preclude the parties from arranging for different time periods whenever deemed appropriate by them or waiving any step except the final step.
- 13.07 If any grievance is not presented within the time limits specified, unless the parties have agreed to an extension of time or the delay is caused by the Company, the grievance or controversy shall be considered closed.

13.08 The number of employees including any Union Representatives paid scheduled hours for attending and for reasonable travel time actually consumed, up to a maximum of two hours, in traveling to and from grievance meetings shall be as follows:

	<u>Number of Employees</u>
Step 1	2
Step 2	3
Step 3	4

Additional employees/Representatives may attend and be paid, if requested by the Union and approved by the Company.

13.09 The Company may initiate grievances with Representatives of the Union at any step of the grievance procedure. When the Company initiates a grievance, the same time limits will apply.

13.10 If, at any time, a controversy should arise between the Union and the Company regarding the meaning or application of any provision of this Agreement or regarding a claim that either party has not performed a commitment of this Agreement, the controversy shall be reviewed in accordance with the preceding Sections of this Article. If the controversy is processed under these Sections and is not satisfactorily settled, the Union or the Company, by written notice specifying the Section of the Agreement alleged to be violated, may submit the question under dispute to arbitration in accordance with the provisions of Article 14 of this Agreement. Such written notice of arbitration must be given no later than 30 calendar days from the Company's or the Union's answer or the expiration of time within which to answer at the final step of the grievance procedure. If written notice of arbitration is not given within the time specified, the grievance shall be considered settled. Awards shall be retroactive to the extent provided in Article 18 of this Agreement.

13.11 Nothing in this Agreement in any manner affects the right of an individual employee or group of employees to present grievances to the Company under Article 13 nor affects the rights of the Union under the National Labor Relations Act, as amended. The Company agrees, however, that after a grievance arising under any provision of this Agreement has been referred to a Union Representative and such Representative has dealt with a Company Representative with respect thereto, no Company Representative will adjust or attempt to adjust the grievance with the employee or employees involved unless a Union Representative is first given an opportunity to be present at the adjustment.

ARTICLE 14 ARBITRATION

14.01 There shall be arbitrated only the matters specifically made subject to arbitration in Article 10, Section 11.02, Article 12, Section 13.10 and Article 21 of this Agreement.

14.02 The procedure to be followed in instituting and conducting the arbitration of any matter subject to arbitration under the provisions of Section 14.01 shall be as follows:

14.021 The Board of Arbitration shall consist of three members, one of whom shall be a member of the Union designated by the Union, and one individual designated by the Company, who shall be in the employ of the Company; the third shall be an impartial Chairman designated in the manner hereinafter described. Joint employees of this Company and of Bell Atlantic - Pennsylvania, Inc. or Bell Atlantic - Network Services, Inc. shall be considered to be in the employ of this Company for the purpose of this paragraph.

The various steps required in connection with any such arbitration shall be taken as expeditiously as possible, but the parties agree that the following steps shall be taken within the times stated unless an extension be mutually agreed to in writing.

- 14.022 Within five days following the serving by either party upon the other of a written demand for arbitration, each party shall, by a written designation, advise the other party of the appointed arbitrator. Each such written designation shall state the full name and address of the arbitrator appointed thereby.
- 14.023 Should either the Union or the Company fail, within the time above stated, to appoint its arbitrator, the vacancy resulting by reason of such failure shall, upon the written request of either party be filled by an impartial individual appointed by the American Arbitration Association.
- 14.024 Within five days following the appointment of the two arbitrators, the parties shall select an Impartial Chairman. If they are unable to agree, the American Arbitration Association immediately shall be requested in writing to appoint the Impartial Chairman.
- 14.025 Upon the appointment of the Impartial Chairman, the Board shall be deemed to be constituted. Following the constitution of the Board of Arbitration, hearings shall be started and carried to conclusion as expeditiously as possible. The arbitration shall be conducted under the Labor Arbitration Rules then obtaining of the American Arbitration Association as to any procedural matter not specifically covered in this Agreement. A stenographic transcript of the hearings shall be prepared, and the parties will share the cost thereof equally. After hearings in the case have concluded, but before the proceeding is closed, the members of the Board of Arbitration, unless they unanimously agree otherwise, shall meet in Executive Session at a mutually convenient location and time. In the absence of agreement by other members of the Board of Arbitration with respect to the closing of the proceeding, the Impartial Chairman may declare the proceeding closed. Within ten days following the closing of the proceeding, the Board of Arbitration shall render its decision in writing.
- 14.026 In making an award the Arbitration Board may not add to, subtract from, modify or disregard any contract provision. In no way shall this detract from the right of the Arbitration Board to interpret the meaning and application of any contract term in which the parties hereto are in dispute as of such meaning and application.

- 14.027 If the members of the Board are unable to reach a decision, the decision of the Impartial Chairman shall be final and binding upon the parties. The Union and its members and the Company agree to abide by such decision, which shall be enforceable by appropriate action or proceeding, if necessary, in a court of law or equity or otherwise.
- 14.028 If a case is withdrawn from arbitration, such withdrawal shall settle the grievance(s) and any issue(s) contained therein unless the parties expressly agree to a different disposition. In addition, all grievances which have been held pending the withdrawn case shall be settled in the same manner as provided above.
- 14.029 Each of the parties hereto shall bear the compensation and expenses of the members appointed by it or on its behalf. The compensation and expenses of the Impartial Chairman and of the American Arbitration Association, and any other expenses of the Board of Arbitration, shall be borne equally by the Union and the Company.

14.03 *Expedited Arbitration*

- 14.031 In lieu of the procedures specified in Section 14.02 of this Agreement, any grievance involving a claim of a violation of Section A5, Subsection A5.014, or the suspension of an individual employee, except those suspensions which also involve an issue of arbitrability, contract interpretation, or work stoppage (strike) activity and those suspensions which are also the subject of an administrative charge or court action shall be submitted to arbitration under the expedited arbitration procedure hereinafter provided within fifteen (15) calendar days after the filing of a request for arbitration. In all other grievances involving disciplinary action which are specifically subject to arbitration under Article 11 of this Agreement, both parties may, within fifteen (15) calendar days after the filing of the request for arbitration, elect to use the expedited arbitration procedure hereinafter provided. The election shall be in writing and, when signed by authorized representatives of the parties, shall be irrevocable. If no such election is made within foregoing time period, the arbitration procedure in Section 14.02 shall be followed.

14.032 As soon as possible after this Agreement becomes final and binding, a panel of three umpires shall be selected by the parties. Each umpire shall serve until the termination of this Agreement unless his or her services are terminated earlier by written notice from either party to the other. The umpire shall be notified of his or her termination by a joint letter from the parties. The umpire shall conclude his or her services by settling any grievance previously heard. A successor umpire shall be selected by the parties. Umpires shall be assigned cases in rotating order designated by the parties. If an umpire is not available for a hearing within ten (10) working days after receiving an assignment, the case will be passed to the next umpire. If no one can hear the case within ten (10) working days, the case will be assigned to the umpire who can hear the case on the earliest date.

14.033 The procedure for expedited arbitration shall be as follows:

- (a) The parties shall notify the umpire in writing on the day of agreement or date of arbitration demands in suspension cases to settle a grievance by expedited arbitration. The umpire shall notify the parties in writing of the hearing date.
- (b) The parties may submit to the umpire prior to the hearing a written stipulation of all facts not in dispute.
- (c) The hearing shall be informal without formal rules of evidence and without a transcript. However, the umpire shall be satisfied himself or herself that the evidence submitted is of a type on which he or she can rely, that the hearing is in all respects a fair one, and that all facts necessary to a fair settlement and reasonably obtainable are brought before the umpire.

- (d) Within five (5) working days after the hearing, each party may submit a brief written summary of the issues raised at the hearing and arguments supporting its position. The umpire shall give his or her settlement within five (5) working days after receiving the briefs. He or she shall provide the parties a brief written statement of the reasons supporting his or her settlement.
- (e) The umpire's settlement shall apply only to the instant grievance, which shall be settled thereby. It shall not constitute a precedent for other cases or grievances and may not be cited or used as a precedent in other arbitration matters between the parties unless the settlement or a modification thereof is adopted by the written concurrence of the representatives of each party. The Company and Union further agree that neither party will cite or use in any arbitration matter an umpire's settlement in an expedited arbitration proceeding between the Company and any of the Union's Locals, or one between Verizon Pennsylvania Inc. or Verizon Services Corp. and any of its Unions.
- (f) The time limits in (a) and (d) of this Section may be extended by agreement of the parties or at the umpire's request, in either case only in emergency situations. Such extensions shall not circumvent the purpose of this procedure.
- (g) In any grievance arbitrated under the provisions of this Section, the Company shall under no circumstances be liable for backpay for more than six (6) months (plus any time that the processing of the grievance or arbitration was delayed at the specific request of the Company) after the date of the disciplinary action. Delays requested by the Union in which the Company concurs shall not be included in such additional time.
- (h) The umpire shall have no authority to add to, subtract from or modify any provisions of this Agreement.

- (i) The decision of the umpire will settle the grievance, and the Company and the Union agree to abide by such decision. The compensation and expenses of the umpire and the general expenses of the arbitration shall be borne by the Company and the Union in equal parts. Each party shall bear the expense of its representatives and witnesses.
- (j) The time limit for requesting arbitration under this provision shall be the same as in existing procedures.

ARTICLE 15 SAFETY

- 15.01 Safety is of primary concern to the Company and the Union as well as to each individual employee.
- 15.02 The Company provides various safety equipment and devices for the use of employees and establishes safety rules and practices to be followed by the employees.
- 15.03 The Company further undertakes to give training in safe methods of working, safe driving and in safety precautions which are useful to employees in connection with their work.
- 15.04 The Company and the Union agree to cooperate from time to time in such joint undertakings as may be appropriate to promote safety, and to attempt to develop a completely accident-free operation.
- 15.05 All accidents must be reported promptly and accurately even though they may appear to be minor.

15.06 When an Accident Investigating Committee is formed according to existing Company practice to investigate an accident involving an employee, the employee members of the Accident Investigating Committee appointed according to existing Company practice shall be (1) the Executive President of the Union or a Representative of such Union, and (2) an employee appointed by the Union having experience within the craft to which the employee involved was assigned at the time of the accident. The employee members shall be compensated only for such of their scheduled hour as are spent with the Committee. The purpose of the Committee is to attempt to determine the facts, the cause of the accident, and what might be done to prevent future accidents. The Committee shall investigate the accident as soon as practical, but the final report of the Committee may be delayed a reasonable period upon the request of either the Union or the Company.

ARTICLE 16
FEDERAL OR STATE LAWS

16.01 Should any valid Federal or State Law, or the decision of any court of competent jurisdiction, if final after appeal or otherwise, affect any provision of this Agreement, the provision or provisions so affected will be construed as having been changed to conform to the law or decision, and the other provisions of this Agreement will continue in full force.

ARTICLE 17
AMENDMENTS

17.01 The entire understanding between the parties is set forth completely in this Agreement and the Exhibits attached hereto. Any amendment to this Agreement or any interpretation of the true intent and meaning of the provisions of this Agreement will be committed to writing and signed by the duly authorized representatives of the parties.

ARTICLE 18
RETROACTIVITY

- 18.01 Any determination as to the interpretation of this Agreement or as to the fulfillment of any obligations thereunder shall be limited in its retroactive effect as follows:
- 18.011 If it is found that a discharge based in whole or in part on grounds of misappropriation of Company assets or information or violation of the Company policy regarding the secrecy of communications was made without proper cause, the Company will reinstate the employee and will reimburse the discharged employee the amount of pay the employee would have received had the employee not been discharged, less any amount received by the employee as wages in other employment or as unemployment benefits for the period since the time of such discharge, or both.
 - 18.012 In discharge cases other than those covered by Section 18.011 and in suspension cases the Arbitration Board shall have authority to modify as well as to sustain or set aside the disciplinary action.
 - 18.013 All other cases not covered in 18.011 and 18.012 above which may be subject to grievance or arbitration procedures-the determination may or may not be retroactive as the equities of the particular case shall demand, but in any case where the determination is retroactive the effect shall be limited to thirty calendar days prior to the date the current dispute is initially submitted to the Company.

ARTICLE 19
INCOME SECURITY PLAN
ENHANCED INCOME SECURITY PLAN

19.01 If during the term of this Agreement, the Company notifies the Union in writing that technological change (defined as changes in equipment or methods of operation) has or will create a surplus in any job title in a work location which will necessitate lay-offs or involuntary permanent reassignments of regular employees to different job titles involving a reduction in pay or to work locations requiring a change of residence, or if a force surplus necessitating any of the above actions exists for reasons other than technological change and the Company deems it appropriate, regular employees who have at least one (1) year of net credited service may elect, in the order of seniority, and to the extent necessary to relieve the surplus, to leave the service of the Company and receive Income Security Plan (ISP) and if applicable, during the term of this agreement, Enhanced Income Security Plan (Enhanced ISP) benefits described in this Section, subject to the following conditions:

- (a) The Company shall determine the job titles and work locations in which a surplus exists, the number of employees in such titles and locations who are considered to be surplus, and the period during which the employee may, if he or she so elects, leave the service of the Company pursuant to this Section. Effective until August 8, 1998, the Company will offer Enhanced ISP in the circumstances described in Subsection 19.02 (a) of this Section and may also offer Enhanced ISP in other circumstances if they choose to do so. The Company may limit acceptances to the number of surplus and this Enhanced ISP offer would be in lieu of obligations, if any, the Company may have to offer regular ISP. Neither such determinations by the Company nor any other part of this Article shall be subject to arbitration.
- (b) The number of employees who may make such election shall not exceed the number of employees determined by the Company to be surplus.

- (c) An employee's election to leave the service of the Company and receive ISP or Enhanced ISP payments must be in writing and transmitted to the Company within thirty (30) calendar days from the date of the Company's offer in order to be effective and it may not be revoked after such thirty (30) calendar day period.

19.02 *ISP Termination Allowance*

- (a) For an employee who so elects in accordance with this Section, the Company will pay an ISP Termination Allowance of One Thousand and One Hundred Dollars (\$1,100.00), less withholding taxes, for each completed year of net credited service up to and including thirty (30) years, for a maximum of Thirty-Three Thousand Dollars (\$33,000.00) prior to withholding taxes. Furthermore, prior to proceeding to a layoff resulting from a surplus in any particular title, location, and work group, the Company will offer an Enhanced ISP Termination Allowance equal to two (2) times the normal ISP Termination Allowance (e.g., up to a maximum of \$66,000) in the surplus title and location.
- (b) If the total amount of the ISP or Enhanced ISP Termination Allowance prior to deductions for taxes does not exceed Ten Thousand Dollars (\$10,000.00), that allowance shall be paid in a single lump sum within thirty (30) calendar days after the employee has left the service of the Company.
- (c) Except when (b) above applies, an employee may select one of the following irrevocable payment options:
 - (i) Forty-eight (48) monthly payments beginning the month following the month in which the employee leaves the service of the Company. Employees who elect this option and are within forty-eight (48) months of their sixty-seventh (67th) birthday will be paid their monthly payments over the months remaining up to their sixty-seventh (67th) birthday.

- (ii) Half of the ISP or Enhanced ISP Termination Allowance prior to deductions for taxes, in a lump sum, with the remaining half paid in forty-eight (48) monthly payments as described in (i) above. Such lump sum payments shall be paid within thirty (30) calendar days after the employee has left the service of the Company.

19.03 In addition to the ISP or Enhanced ISP Termination Allowance, for an employee who so elects to leave the service of the Company in accordance with Subsection 19.01 above, the Company, as an ISP or Enhanced ISP Expense Allowance, will reimburse the employee for actual expenses incurred for relocation costs, tuition or training costs, or job placement expenses related to seeking other employment, or any combination thereof, up to an amount not to exceed Seven Hundred Fifty Dollars (\$750.00) for each year of net credited service (prorated for any partial year of service) to a maximum of Three Thousand Seven Hundred Fifty Dollars (\$3,750.00). Any such expenses for which reimbursement will be made must be approved by the Company prior to being incurred and must be incurred within one (1) year from the date of termination of employment except that reimbursement for tuition or training costs will be made for such expenses incurred within two (2) years from the date of termination of employment.

19.04 The years of net credited service in determining the ISP or Enhanced ISP Termination Allowance and the ISP or Enhanced ISP Expense Allowance shall be prorated for any period of time during which an employee is (was) employed on a part-time basis in the same manner as net credited service is prorated based on part-time hours pursuant to the Verizon Pension Plan.

19.05 *Repayment of ISP or Enhanced ISP Termination Allowance*

If the recipient of an ISP or Enhanced ISP Termination Allowance is reemployed within forty-eight (48) months by the Company or by an affiliate or subsidiary company within the Verizon Services Group, ISP or Enhanced ISP termination allowance payments will cease. If the termination allowance was being paid in forty-eight (48) monthly payments (with no lump sum), no repayment is required. If the employee received a lump sum, or a partial lump sum and monthly payments, the employee will repay the excess over what he or she would have received if payments had been made under the forty-eight (48) monthly payment schedule. Such repayment will be made through payroll deduction in each payroll period at the rate of ten percent (10%) of the employee's basic weekly wage.

ARTICLE 20 ABSENCE FOR UNION BUSINESS

20.01 *General*

To the extent the Company determines that service requirements permit, employees who are elected or appointed to represent the Union will be excused without pay or given leaves of absence to attend to Union business in accordance with the provisions of this Article.

20.02 *Excused Time*

During each year the Agreement is in effect, the maximum excused time which will be granted, without pay, to other than full-time Union officials to attend to Union business is:

<u>Title</u>	<u>Cumulative Total of Excused Schedule Time</u>
Executive President, Executive Secretary-Treasurer, Executive Vice-President, collectively *	350 Days
Other Executive Committee Members	30 Days
Members appointed by Union to perform delegated duties	8 Days

* The Executive President, Executive Secretary-Treasurer, and Executive Vice President each will spend a minimum of 20 days per contract year performing his or her regular job duties for the Company.

20.021 Excused time does not include joint conference time.

20.022 Requests for excused time shall be made to the immediate management supervisor as far in advance as possible, but not later than three days, exclusive of Sunday, prior to the absence unless it is not possible to do so.

20.023 A single period of excused unpaid time shall not exceed thirty consecutive calendar days.

20.03 *Leaves of Absence*

A leave of absence without pay will be required:

- (a) If a Union official is on full-time Union business.
- (b) If the total excused time specified in Section 20.02 is exceeded.
- (c) If the excused time is to exceed 30 consecutive calendar days.

20.031 When leave of absence is required in accordance with Section 20.03, the Union will certify the facts to the Company. All requests for leave of absence shall be made as far in advance as possible. Unless it is not possible to do so, such request shall be made to the employee's immediate management supervisor not less than eight days, exclusive of Sunday, prior to the absence. The total number of employees on leave of absence for Union business shall not exceed two at any one time unless special approval of the Company is obtained.

20.032 Leave of absence shall include any period of Excused Scheduled Time taken under 20.02 in the agreement year in which the leave of absence is granted.

20.033 During any such leave of absence, the employee shall be entitled to Death Benefits.

During any period of leave of absence as required by Section 20.03, the employee shall pay the premiums for the Dental Expense Plan, Vision Care Plan, Supplementary Group Life Insurance Program and Dependent Group Insurance Plan. The Company shall pay the premiums for the Basic Group Life Insurance Plan, and will pay the same amount towards the employee's (single or family) coverage under the Medical Expense Plan as the Company would have paid if the employee had remained on the active payroll.

20.034 Employees, upon returning from a leave of absence, shall be reinstated to their former occupation unless conditions have so changed that it is impractical to do so, in which case they will be assigned to work generally similar to that in which they were engaged last prior to their absence, subject, however, to the provisions of this Agreement relating to layoffs. They will be placed on the payroll at the rate received when such absence began, adjusted for any general increase in wages made during the period of absence.

20.035 The leave of absence shall cease if the Union notifies the Company that the employee on leave is no longer authorized to transact business for the Union.

20.036 There shall be no limitation on the total cumulative period of leave of absence for Union business for an employee. Service credit will not be given for leave of absence for Union business prior to August 7, 1983; however, service credit will be given for leave of absence for Union business subsequent to August 7, 1983.

20.04 Employees who attend joint conferences of representatives of the Union and Company while on leaves of absence shall not receive pay from the Company for such periods of time. No change shall be made in an employee's basic wage rate either during a period of excused absence or during a period of leave of absence.

20.05 Failure of Union to give notice as specified in 20.022 and 20.031 will relieve Company of any obligations under Sections A2 and A3 of Exhibit A as to premium payments for any time worked by employees assigned to replace employees absent to attend solely to Union business.

ARTICLE 21 PROMOTIONS

21.01 The Company will consider many factors including seniority, job performance, health, attendance record and experience in determining employee's qualifications for promotion within the Plant Organizations as separate units.

21.02 The Union may call to the Company's attention particular employees whose seniority it believes warrants recognition. The Company will give consideration to such employees, along with others, provided the individual employee so wishes.

21.03 The employee's Supervisor, if requested by an unsuccessful aspirant to a job, will review with him his own status.

21.04 If the Union claims that a promotion violates this Article because it was not given to the applicant with the most seniority, such claim may be grieved and then submitted to arbitration pursuant to Article 14. A Union claim regarding any single promotion must be confined to a single grievant. In such event, the Company must be shown to have acted arbitrarily or in bad faith. The Union will limit the scope of arbitrability under this Article to seniority and the issue of qualifications being substantially equal. Any Union representing a Company employee may be a party to the arbitration.

ARTICLE 22 NON-DISCRIMINATION

22.01 Neither the Company nor the Union shall unlawfully discriminate against any employee because of such employee's race, color, religion, sex, sexual orientation, age or national origin or because the employee is disabled, a disabled veteran or a veteran of the Vietnam era.

ARTICLE 23 AGENCY SHOP

23.01 All employees, except occasional employees, who are members of the Union or who are obligated to tender to the Union amounts equal to periodic dues on the effective date of this Agreement, or who later become members, and all employees, except occasional employees, entering into the bargaining unit on or after the effective date of this Agreement, shall as a condition of employment pay or tender to the Union amounts equal to the periodic dues applicable to members from such effective date or, in the case of such employees entering into the bargaining unit after the effective date, on the thirtieth day after such entrance, until the termination of this contract.

23.02 The condition of employment specified above shall not apply during periods of formal separation(*) from the bargaining unit by any such employee but shall reapply to such employee on the thirtieth day following his return to the bargaining unit.

(*) The term "formal separation" includes transfers out of the bargaining unit, removal from the payroll of the Company, and leaves of absence of more than one month duration.

ARTICLE 24 PERSONNEL RECORDS

24.01 Entries which are intended to be used against an employee for the purpose of justifying discipline shall not be made a part of an employee's personnel record unless a copy has been provided to the employee.

24.02 After six (6) months from the date of an entry into an employee's record, the employee involved or the Union may request a review of the entry by the third tier supervisor then having authority over the employee. Within two weeks of the request, the employee or the Union shall be advised whether the entry will be removed.

24.03 The provisions of Section 24.01 do not apply to routine recording of statistics on such matters as absence, tardiness, productivity, quality, etc. However, any adverse entry based on such statistics shall be subject to Section 24.01.

ARTICLE 25 UNION REPRESENTATION

25.01 At any meeting between a representative of the Company and an employee in which discipline (including warnings which are to be recorded in the personnel file, suspension, demotion or discharge for cause) is to be announced, or at any meeting with an employee for the purpose of conducting an investigatory interview which may lead to discipline of such employee, a Union Representative may be present if the employee so requests.

ARTICLE 26
NEW JOB TITLES AND JOB CLASSIFICATIONS

Whenever the Company determines it appropriate to create a new job title or job classification in the bargaining unit, or to re-structure or redefine an existing one, it shall proceed as follows:

- 26.01 The Company shall notify the Union in writing of such job title or classification and shall furnish a job description of the duties and the wage rates and schedules initially determined for such job titles and classifications. Such wage rates and schedules shall be designated as temporary. Following such notice to the Union, the Company may proceed to staff such job titles or classifications.
- 26.02 The Union shall have the right, within thirty (30) days from the receipt of notice from the Company, to initiate negotiations concerning the initial wage rates or schedules established by the Company.
- 26.03 If negotiations are not so initiated, the initial wage rates and schedules set by the Company shall remain in effect and the temporary designation removed.
- 26.04 If agreement is reached between the parties within the sixty (60) days following the Union's receipt of notice from the Company concerning the initial wage rates and schedules, the agreed upon wage rates and schedules shall be retroactive to the date the change or new job was implemented.
- 26.05 If negotiations are initiated pursuant to paragraph (2), above, and if the parties are unable to reach agreement within sixty (60) days following receipt of notice from the Company, the Union may, within thirty (30) days of the expiration of the sixty (60) day period for negotiations, demand that the issue of an appropriate schedule of wage rates be submitted for resolution to a neutral third party. Within seven (7) days of such demand, each party will submit its final proposed schedule of wage rates to the other party, which cannot thereafter be changed.

- 26.06 The neutral third party shall be selected by mutual agreement from among those who possess acknowledged expertise in the area of employee compensation. The parties may submit all evidence deemed relevant to the issue to the neutral third party. At the request of either party, a hearing shall be held to receive such evidence. Any such hearing shall be held within thirty (30) days after the matter is referred to the neutral third party. While it is not intended that such third party undertake a full and complete job evaluation study, he or she shall review other job titles or classifications and their wage schedules for comparison purposes and may make an on-site inspection of the workplace and conduct a reasonable number of interviews of incumbents. A written decision as to the appropriate schedule of wage rates will be rendered by the neutral third party within sixty (60) days of the date that the matter is referred for resolution. In the event that the neutral third party determines that a different schedule of rates is appropriate, the new schedule shall be placed in effect retroactive to the date the change or new job was implemented, except that in no event shall the retroactive effect exceed 150 days.
- 26.07 The procedures set forth in this Section shall be the exclusive means by which the Union may contest the schedule of wage rates which the Company sets for any new, restructured, or redefined job title or classification.
- 26.08 The cost of the neutral third party shall be borne one-half by the Company and one-half by the Union.

ARTICLE 27 REASSIGNMENT PAY PROTECTION PLAN (RPPP)

- 27.01 If the Company notifies the Union that a need exists to adjust force and employees are reassigned or voluntarily transferred in lieu of others being reassigned, to vacancies where the rate of pay for the new job is less than the current rate for the employee's former job, the rate of pay will be reduced over a period of time based on the employee's length of service. The reductions in pay are effective at periods following reassignment as shown below and are based on the difference in rates for the old and new jobs:

0-5 Years

Weeks 1 through 4—No reduction
Weeks 5 through 8— $\frac{1}{3}$ reduction
Weeks 9 through 12— $\frac{2}{3}$ reduction
Weeks 13 and thereafter—Full reduction

5+ Years

Weeks 1 through 56—No reduction
Weeks 57 through 60— $\frac{1}{3}$ reduction
Weeks 61 through 64— $\frac{2}{3}$ reduction
Weeks 65 and thereafter—Full reduction

- 27.02 However, notwithstanding the foregoing schedule, an employee with fifteen (15) years or more of net credited service who, due to technological change, is assigned to a vacancy with a lower rate of pay than the then current rate of the employee's regular job shall continue to be paid in the lower paid job an amount equivalent to the rate of pay of the higher paid job in effect at the time of the downgrade for a period of thirty-six (36) months following the effective date of such downgrade. Thereafter, the following schedule in reduction shall apply:

Weeks 1 through 4—No reduction
Weeks 5 through 8— $\frac{1}{3}$ reduction
Weeks 9 through 12— $\frac{2}{3}$ reduction
Weeks 13 and thereafter—Full reduction

- 27.03 The employee, however, shall receive any increases in pay in amounts which are applicable for a comparable employee in the lower rated job to which downgraded.

ARTICLE 28
TECHNOLOGY CHANGE COMMITTEE

- 28.01 The Company and the Union recognize that technological changes in equipment, organization, or methods of operation have a tendency to affect job security and the nature of the work to be performed. The parties, therefore, will attempt to diminish or abolish the detrimental effects of any such technological change by creating a joint committee to be known as the Technology Change Committee to oversee problems, and recommend solutions of problems in this area as set forth below.
- 28.02 It is agreed that a Technology Change Committee be constituted in each Company. Such committee will consist of not more than three representatives of the Company and not more than three representatives of the Union. Such Committee will be convened at the option of either party at mutually agreeable places and times, at least two (2) times each year.
- 28.03 The purpose of the Committee is to provide for discussion of major technological changes (including changes in equipment, organization, or methods of operation) which may affect employees represented by the Union. The Company will notify the Union at least six (6) months in advance of planned major technological changes. Meetings of the Committee will be held as soon thereafter as can be mutually arranged. At such meetings, the Company will advise the Union of its plans with respect to the introduction of such changes and will familiarize the Union with the progress being made.
- 28.04 The impact and effect of such changes on the employees shall be appropriate matters for discussion. The Company will discuss with the Union:
- (a) What steps might be taken to offer employment to employees affected:
 - (1) In the same locality or other localities in jobs which may be available in occupations covered by the Collective Bargaining Agreement between the parties;

(2) In other occupations in the Company not covered by the Collective Bargaining Agreement;

(3) In other Verizon Services Group companies.

(b) The applicability of various Company programs and contract provisions relating to force adjustment plans and procedures, including Income Security Plan, Reassignment Pay Protection Plan, termination allowances, retirement, transfer procedures and the like.

(c) The feasibility of the Company providing training for other assignments for the employees affected. (Example: sponsorship of typing training on Company time)

28.05 The Committees shall not formulate policy or arrive at binding decisions or agreements, but rather shall be charged with the responsibility to develop facts and recommendations so that the Company can make well-informed decisions regarding the matters covered by this provision.

ARTICLE 29 TECHNOLOGICAL DISPLACEMENT

29.01 If during the term of this Agreement, the Company notifies the Union in writing that technological change (defined as changes in equipment or methods of operation) has or will create a surplus in any job title in a work location which will necessitate reassignments of Regular employees to different job titles involving a reduction in pay or to locations requiring a change in residence, or if a force surplus necessitating any of the above actions exists for reasons other than technological change and the Company deems it appropriate, any Regular employee who is in the affected job titles and work locations may elect not to accept such reassignment to a

job title involving a reduction in pay or to a location requiring a change in residence and shall be paid a termination allowance. Any such Regular employee who refuses to accept a transfer to a job title having the same or greater rate of pay and which does not require a change in residence shall not be paid a termination allowance.

- 29.02 Employees eligible for a termination allowance under the terms of this provision alternatively may elect to participate in the Income Security Plan (ISP) providing they meet the eligibility requirements of that program.

ARTICLE 30 EMPLOYMENT SECURITY TRAINING

30.01 *Personal or Career Development Training*

Personal or career development training programs will be designed as an educational self-development aid to assist employees in their personal development or preparing them for career progression opportunities or job changes within the Company.

- 30.011 Training under such program will be generic in nature as opposed to job specific and will cover technical, sales, clerical and other fundamental skills.
- 30.012 Any regular employee with at least one year of net credited service will be eligible to participate in such training program under the terms of such program.
- 30.013 Participation by employees in the personal or career development training program will be voluntary, and time spent by employees in such training will be outside scheduled working hours and not paid or considered as time worked for any purpose.
- 30.014 Successful completion by an employee of any training or courses offered pursuant to such program will be taken into account by the Company when considering the employee for an upgrade or transfer.

30.02 *Job Displacement Training*

Job displacement training opportunities will be offered to prepare employees whose jobs are being displaced, or whose jobs are being restructured or redefined to a wage schedule with a lower maximum wage rate, to enhance their ability to qualify for anticipated job vacancies within the Company or for job opportunities external to the Company.

30.021 *Internal Job Vacancies*

Employees will be informed of potential displacements as soon as possible and, depending on the number of any anticipated job openings, will be offered training, if necessary, which is intended to enable them to qualify for such job openings in the Company.

30.022 *External Job Opportunities*

For any such employees (those being displaced) interested in seeking employment external to the Company, the Company will reimburse the employee for actual expenses incurred for job specific tuition, training, or counseling, not covered by the Tuition Aid Plan, related to seeking such other employment. Reimbursement for such expenses shall be made up to an amount not to exceed \$500 for each year of net credited service (prorated for any partial year of service) to a maximum of \$2,500.

Any such expenses for which reimbursement will be made must be approved by the Company prior to being incurred and while the employee is still on the active payroll of the Company.

30.023 Only regular employees who are notified of potential displacement from their current job or restructuring of that job to a lower maximum wage rate will be eligible to participate in such training as covered in Sections 30.021 and 30.022.

30.024 Participation by employees in job displacement training programs will be voluntary, and time spent by employees in such training will be outside scheduled working hours and not paid or considered as time worked for any purpose unless the Company determines it appropriate in specific instances to permit employees to receive such training during working hours.

30.03 *Training Advisory Board*

There will be a Training Advisory Board consisting of three Union representatives, three Management representatives and a professional educational counselor selected by the Training Advisory Board from the academic community. The Board will meet periodically and have responsibility for:

- 30.031 furnishing advice to the Company on personal or career development and job displacement training courses and curricula;
- 30.032 reviewing and making recommendations regarding training delivery systems (e.g., technical schools, community colleges, home study programs, etc.) available to be used by the Company;
- 30.033 evaluating the effectiveness of such training programs and courses and the delivery systems utilized;
- 30.034 encouraging employees to participate in and successfully complete the available training courses; and
- 30.035 researching and recommending through the educational counselor, appropriate educational counseling programs to be made available to those employees interested in seeking employment outside the Company.

30.04 The Union and the Company will each be responsible for the respective costs and expenses of their representatives' participation on the Training Advisory Board and will share equally in the joint costs and expenses incurred by the Board. The Company will be responsible for the costs and expenses of the professional educational counselor.

30.05 *Employee Career Resource Center*

The Company agrees to continue to offer the Employee Career Resource Center over the life of this Agreement.

30.051 Functions: Each Center will perform the following functions:

- a. One-on-one and group counseling of employees regarding:
 - career goals and objectives
 - job skills and knowledge requirements
 - training for specific jobs
- b. Provide information on available job opportunities and trends inside and outside of the Network Services Group;
- c. Provide information on available Company programs and procedures (e.g., Regional Associate Mobility Plan, Intercompany Job Bank, Tuition Assistance, ATLAS/P.M. Education);
- d. Aptitude and interest testing;
- e. Liaison with Company departments (e.g., Operations, Labor Relations, Human Resources) to develop recommendations for:
 - placement of employees whose jobs are being displaced, including job specific test training;
 - placement of employees whose jobs are being restructured or redefined to a wage schedule with a lower maximum wage rate;
 - out-placement services for employees when necessary.

- 30.052 Participation: Employee participation in the services of the Center will be voluntary, and time spent by employees in the Center will be outside scheduled working hours and not paid or considered as time worked for any purpose. However, employees who have been declared surplus or in a group that has been declared surplus may be allowed to participate on Company-paid time when specifically authorized and approved by Management. Employees who are voluntarily separated under an ISP offer or laid-off during the life of the Agreement may utilize the services of the Center for a period not to exceed six (6) months from the date of separation.
- 30.053 Administration: Subject to the oversight and potential enhancement responsibility of the Training Advisory Board Executive Council, the Company will continue to have on-going responsibility for the administration of the Center(s), as well as the other employment security programs currently offered, including but not limited to their number, location and budget.
- 30.054 Effect on Other Contract Provisions: Nothing in this program will supersede the applicable promotion, transfer or other provisions of the Agreement.
- 30.055 Nothing in this Article 30 shall be subject to arbitration.

ARTICLE 31 SERVICE QUALITY OBSERVING

- 31.01 It is the policy of the Company to conduct Service Quality Observations in full compliance with Federal and State laws. Service Quality Observing includes Service Observing and Supervisory Observing.
- 31.02 Service Observing measures the overall speed, accuracy and efficiency of our telecommunications network and work forces. It is not used for evaluating individual employee performance.

- 31.03 Supervisory Observing involves observations of employee contacts with customers or service-related contacts with other employees. It is used in determining the quality of individual employee performance and as an aid to training and development.
- 31.04 Supervisory observations are limited to the handling of customer contacts and contacts between employees involved in the provision of customer service. Employees who may be observed will be made aware of such fact and of the general frequency of such observations. Employees' conversations will not be electronically recorded. (*)
- 31.05 Records of supervisory observations will be limited to Company-related matters. They will not be disclosed except to authorized personnel for Company-related reasons. Results of observations will be periodically reviewed with employees and adverse notations, which are intended to be used against an employee for the purpose of justifying discipline, will be reviewed promptly with such employee.
- 31.06 Telephones which are not subject to Supervisory Observing will be provided by the Company for employees' personal calls. In addition, Supervisors will not listen in on personal conversations of employees on any telephone.

(*) See Letter #26

ARTICLE 32 MOTOR VEHICLE USAGE PROGRAM

- 32.01 There will be established in Verizon Delaware Inc. or Verizon Services Corp. a Motor Vehicle Usage Program to provide, in those administrative work units where implemented, that employees who participate will be assigned a motor vehicle for use in their work and for traveling between their work locations and places of residence or other designated places for the vehicle storage.

- 32.02 The Motor Vehicle Usage Program will be implemented only within administrative work units where some or all of the employees normally use a Company-provided motor vehicle in order to perform their work. The decision to implement and to continue the program within any such administrative work unit will be within management's discretion.
- 32.03 When the Motor Vehicle Usage Program is introduced within an administrative work unit, all employees within that unit who normally use a Company-provided motor vehicle in the performance of their work assignment will be eligible to participate. Participation by any such employees will be on a voluntary basis. If an employee elects not to participate, management will determine where the motor vehicle assigned to that employee is to be stored and that location will become the employee's work reporting location.
- 32.04 Employees who participate in the program will be expected to provide normally secure and legal storage for the vehicle at their places of residence. If the vehicle cannot be properly stored at an employee's place of residence, the Company may arrange for appropriate storage at its expense.
- 32.05 Operating and maintenance costs will be at the Company's expense. The Company will make arrangements for maintenance of the vehicle; however, it will be the responsibility of the employee to whom the vehicle is assigned to assure that the vehicle is properly maintained.
- 32.06 For employees who participate in the Motor Vehicle Usage Program, a work reporting area will be established on a local basis before implementation. Such work reporting area will be designed so as to serve the interests of the customer, reasonably accommodate the employee, and be satisfactory to management and the Union. The work reporting area normally will be a circular geographic area. In large congested metropolitan locations or where natural barriers render a circular work reporting area impractical, other suitable parameters will be established.

32.07 Each participating employee will be expected to begin and end the work tour at any assigned location within the established work reporting area. Prior to implementation of the program, the Company and Union will determine a method of compensation for employees who begin or end a work tour outside an established work reporting area.

ARTICLE 33
DURATION OF AGREEMENT

- 33.01 This Agreement shall continue in effect until terminated in accordance with Section 33.02.
- 33.02 Either party may terminate this Agreement at 11:59 PM, August 1, 2015 by notifying the other party in writing at least 60 calendar days prior to such date. If no such notice of termination is given, this Agreement shall automatically continue in full force and effect for successive renewal periods of one year each, subject to the right of either party to terminate this Agreement at the end of any renewal period, by notifying the other party in writing at least 60 calendar days prior to the end of such renewal period, of its intention to terminate this Agreement.
- 33.03 At the time that the notice of the desire to terminate this Agreement is served pursuant to Section 33.02, or at least 30 calendar days prior to the date for negotiations agreed to by the parties, the party serving the notice shall submit a written list of the changes desired in the Agreement. Submission of such a list shall not prejudice the right of either party to submit additional changes during the period of negotiations.
- 33.04 This Agreement has been made in final settlement for its duration of all demands and proposals made by either party during negotiations preceding its execution. During the term of this Agreement, the Company shall not be obligated to discuss or agree to any improvement or liberalization either of the provisions of this Agreement or with respect to rates of pay, wages, hours of employment or other conditions of employment not specifically set forth herein, if such improvement or liberalization is proposed to be made effective during the period covered by this Agreement; and the Union shall not be obligated to discuss or agree to any impairment or deliberalization either of the provisions of this Agreement or with respect to rates of pay, wages, hours of employment or other conditions of employment not specifically set forth herein, if such impairment or deliberalization is proposed to be made effective during the period of this Agreement.

The Company and the Union agree that unless a different effective date is specified in this Agreement its terms shall be effective October 19, 2012.

The Company and the Union further agree that this Agreement shall become effective if and only if it is ratified by the membership of the Union on or before October 19, 2012.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their duly authorized representatives on the day and year first above written.

SECTION A2 WORKTIME SCHEDULES

A2.01 *Posting Schedules*

A2.011 Worktime schedules will be posted by the Company each week on Wednesday showing the work schedules for the next three calendar weeks in advance.

A2.012 These schedules will show the time each tour starts and ends on each day of the normal work week. Employees who are not being part-timed will ordinarily be scheduled to work a normal work week.

A2.013 Employees may also be required to work overtime outside the limits of a scheduled full tour of the normal work week or may be required to work overtime outside the limits of a normal work week on days or part days on which normal work time has not been scheduled. Each full or part hour of such overtime work shall be paid at the premium hourly wage rate except:

- (a) Where the normal worktime in the week is not worked in full and an employee in that week works overtime on a day or part day not included in the normal work week, such overtime work shall be paid at the basic hourly rate. For this purpose, time not worked during the normal work week for the following reasons shall be counted as if worked:

- (1) An excused Holiday.
- (2) Jury Duty or Grand Jury Duty.
- (3) Absence when required to appear as a witness before a court or Grand Jury.
- (4) Joint Conference of Representatives of the Union with Representatives of the Company.
- (5) Vacation, except vacation which is worked pursuant to A7.04.

- (11) Attendance at joint meetings on Quality of Work Life.
- (12) Attendance at Union Orientation Meeting.
- (13) Absence for Union Business of up to seven (7) Union officials provided that the Union notifies management by January 1st of each year of the names of the Union officials who will be covered by this provision for that year. The Union will give the Company thirty (30) days notice of changes in the names of the 7 designated officials.

Payments at the basic hourly wage rate under (a) above in any week shall not exceed the absent time during normal work time in that week or in any day shall not exceed the number of hours constituting a full tour.

- (b) Time worked outside of the hours scheduled on a holiday which is scheduled as part of the normal work week which shall be paid in accordance with Subsection A3.032(b).

A2.014 During a week containing a holiday, the normal work week will include a full tour starting on the holiday, except as provided in Section A8 of this Exhibit A. Employees not needed to meet service requirements will be excused from working such tours.

A2.015 In each Supervisor's group, not more often than once every three months, employees with the following titles with twenty-five years or more of service will advise their immediate supervisor as to the normally scheduled tours they desire to work. The requested assignments will be granted to the extent and in such combinations that it is practicable to do so in accordance with service and training requirements, proper coverage and normal scheduling procedures, as determined by the Company, provided no other employee in the group would thereby be required to work either evening tours, night tours, or Saturdays or Sundays for more than fifty percent of the year:

- Apprentice Technician
- Assignment Administrator
- Assignment Technician
- Building Equipment Mechanic
- Driver - Heavy Equipment
- Driver - Heavy Truck
- Driver - Light Truck
- Driver - Medium Truck
- Facilities Assigner
- Fiber Customer Support Analyst
- Frame Attendant
- Maintenance Administrator
- Materials Service Attendant
- Network Service Coordinator
- Senior Attendant
- Services Technician
- Splicing Technician
- Splicing Technician's Helper
- Storekeeper
- Switching Equipment Technician
- Systems Technician
- Test Desk Technician
- Translations Administrator

A2.016 In each Customer Service Bureau, not more often than once every three months, Field Clerks, General Field Clerks and Senior Field Clerks with twenty-five or more years of service and in each Supervisor's group not more often than once every three months, Building Custodians with twenty-five or more years of service will advise their immediate supervisor as to the normally scheduled tours they desire to work. The requested assignments will be granted to the extent and in such combinations that it is practicable to do so in accordance with service and training requirements, proper coverage and normal scheduling procedures, as determined by the Company, provided no other employee in the group would thereby be required to work either evening tours, night tours, or Saturdays or Sundays for more than fifty percent of the year.

A2.017 If all of the assignments requested under the provisions of Subsection A2.01 cannot be granted, preference shall be given to the requests of those employees within each group who are most senior, pursuant to the guidelines of the above sections.

A2.018 Where there is a small number of employees in the group in the occupations normally scheduled for evening or night tours or Saturdays or Sundays, or where the number of such employees with sufficient service to exercise a choice is disproportionately large, the provisions of this subsection will apply only as long as the appropriate Directors of the Company and the local officials of the Union agree that such provisions will operate equitably with respect to all of the employees concerned. Where no such local agreement is reached, the Company, as far as reasonably possible, will endeavor to schedule the employees involved so as to carry out the above principles.

A2.02 *Changes in Worktime Schedules*

A2.021 The schedules may be changed at any time after posting. Changes may be initiated by the Company or by employees, if approved by the Company.

- A2.022 In case of excused absence to attend Union business, unless it is not possible to do so, requests for such absence shall be made to the employee's immediate supervisor at least three full working days prior to the beginning of the absence.
- A2.023 The assignment of an employee to work in excess of a full tour on a day is not considered a change in schedule and time off corresponding to such overtime work will not be required.
- A2.024 When the Company assigns an employee to work on a day on which no tour has previously been scheduled or to work additional time on a day on which a half tour has previously been scheduled, his scheduled worktime on another day of the same week may be reduced by a corresponding amount, providing he is notified at least two days before the day of the added assignment or that of the decreased assignment, whichever is earlier. In this event, the worktime of the added assignment is within the normal work week and is therefore normal worktime.
- A2.025 If, on the other hand, the employee is not given at least two days' notice of the change, no corresponding reduction in worktime will be made in the worktime of another day, and the added time being outside the normal work week is overtime work.

SECTION A3
PAYMENTS FOR TIME WORKED

A3.01 *Week Days*

A3.011 The basic hourly wage rate will be paid for normal worktime.

A3.012 The premium hourly wage rate will be paid for overtime work except as provided in Subsections A2.013, A3.071 and A3.072.

A3.02 *Sundays*

A3.021 Sunday time extends from midnight Saturday to midnight Sunday.

A3.022 The premium hourly wage rate will be paid for all worktime.

A3.03 *Holidays*

A3.031 All time included in tours starting on a Holiday scheduled as part of the normal work week is Holiday time. No time included in tours starting on the preceding day is Holiday time even though the tour ends after midnight.

A3.032 Where a full tour of the normal work week is scheduled on the Holiday, the basic daily wage rate will be paid for the Holiday. This pay allowance may be withheld when, in the opinion of the Company, the facts relating to the absence of the employee on the Holiday or the scheduled day immediately preceding or following the Holiday warrant such action. In addition:

(a) Time worked within hours scheduled as part of the normal work week will be paid at the premium hourly wage rate subject to the provisions of Subsection A3.072 with respect to callouts.

(b) Time worked outside of the hours scheduled as part of the normal work week will be paid at two and one half times the basic hourly wage rate subject to the provisions of Subsection A3.072. The provisions of A1.13 shall not apply.

A3.04 *Changes in Scheduled Tours Initiated by the Company*

A3.041 When the Company changes the starting or quitting time of a scheduled tour and does not notify the employee at least 24 hours before the previously or newly scheduled starting time, whichever is earlier, the premium hourly wage rate will be paid for all worktime outside the starting and quitting times previously scheduled.

A3.05 *Part Hour Worked*

A3.051 When an employee works less than his scheduled tour, he will be paid for any part hour worked, as follows:

<i>Minutes Worked</i>	<i>Hours Paid</i>	
	<i>If Basic Rate Applies</i>	<i>If Premium Rate Applies</i>
1 to 15 inclusive	1/4	3/8
16 to 30 inclusive	1/2	3/4
31 to 45 inclusive	3/4	1-1/8
46 to 60 inclusive	1	1-1/2

A3.052 When employees work more than their scheduled tour, they will be paid for the overtime work as follows:

<i>Minutes Worked</i>	<i>Hours Paid(*)</i>
1 to 5 inclusive	None
6 to 15 inclusive	3/8
16 to 30 inclusive	3/4
31 to 45 inclusive	1-1/8
46 to 60 inclusive	1-1/2
61 to 75 inclusive	1-7/8
76 to 90 inclusive	2-1/4
etc.	etc.

(*) Appropriate adjustments will be made as required by the provisions of A1.13.

A3.06 *Evening, Night, and Certain Full Day Tours*

A3.061 Any employee assigned one of the occupational titles listed in Section A1 will be paid a wage differential in an amount equivalent to 12% of the employee's basic hourly wage rate for each hour worked between 5 P.M. and 8 A.M. during scheduled evening or night tours. A wage differential of 15% of the employee's basic hourly wage rate will be paid for each hour worked on a Saturday between 12:01 a.m. and 11:59 p.m. during scheduled Saturday tours. The 12% evening or night tour differential does not apply to Saturday tours.

A3.062 This wage differential payment where applicable will be in addition to amounts paid for work time during scheduled hours on weekdays, Saturdays, Sundays and General Holidays and during non-scheduled hours when tours are changed with insufficient notice.

A3.063 Since the wage differentials are designed to compensate employees for the inconvenience of working evening or night tours, wage differential payments will not be made unless the employee actually works between 5 P.M. and 8 A.M. during scheduled evening or night tours except as follows:

- (a) During full evening and night tours the differential will be paid for the one half hour meal period during which the Company may require the employee to remain on the job.
- (b) Absence due to accidents occurring while on duty-if on the day the accident occurs, the employee was scheduled to work a tour carrying a differential payment, this payment will be continued during the period of absence. No Vacation – If engaged or re-engaged on or after July 1st of the current calendar year.

One Week Vacation – Upon completion of six months' service.

Two Weeks Vacation – Upon completion of twelve months' service, provided that if terms of employment of 6 months and 12 months are both completed in the same calendar year, only two weeks will be granted, with the second week to be taken after completion of 12 months of net credited service. The first week may be taken any time after completion of 6 months of net credited service.

If an employee becomes eligible for one or two weeks of vacation on or after December 1, it may be taken in the following calendar year, providing it is completed prior to April 30, and prior to the taking of any of that year's vacation.

Three Weeks Vacation – Beginning with and at any time within the year in which the employee completes 7 years' service.

Four Weeks Vacation – Beginning with and at any time within the year in which the employee completes 15 years' service.

Five Weeks Vacation – Beginning with the year in which the employee completes 25 years' service but only if at least one week is taken during the month of January, February, March, April, November or December.

A7.012 It being a mutual objective of the Company and the Union that the method of selecting vacations results in maximum satisfaction to employees and it being necessary that the numbers of vacations granted at one time be consistent with customer service objectives and economy of operation, it is agreed that the selection of vacations will be conducted as follows:

- (1) The Director or Director's designee will consult each year with the appropriate representative of the Union concerning the various work groups of employees in the District to determine whether such work groups should select vacations separately or in one or more combinations of

groups. In mutually discussing combinations, consideration shall be given to seniority problems, the geographical proximity of groups, the interchangeability of work and the wishes of employees. The final composition of work groups, the amount of vacation time available for selection each week in each group or combination of groups and the experience and training of the employees needed on duty each week shall be determined by the Company.

- (2) The Company, consistent with the above, will offer to all eligible employees, in the order of their length of service, the choice of vacations from the vacation time available each week in their particular groups or combination of groups in the following order:
 - (a) Employees who are eligible for at least one week of vacation in the current calendar year shall select one week.
 - (b) Employees entitled to two or more vacation weeks will select their remaining weeks.

A7.013 Employees who are eligible for one or more weeks of vacation in any calendar year may take up to three weeks of their current year's entitlement on a day-at-a-time basis. The selection of day-at-a-time vacation will be in accordance with the provisions of Subsection A10.03 of Section A10, Scheduling of Time Off.

1. Subject to the foregoing provisions in Subsection A7.013, employees may take a maximum of five (5) day-at-a-time vacations in one-half day increments in a given calendar year. These half day increments may only be scheduled Mondays through Fridays. Subsequent requests for one-half day-at-a-time vacation (subject to the 5 day maximum) and the Company's accommodation of such requests will be subject to the provisions of Section A10.03.

A7.014 Employees who are eligible for two or more weeks of vacation in any calendar year may schedule up to two weeks of their current year's entitlement during the period from January 1 through April 30 of the subsequent year, provided that an equal, or matching, number of vacation weeks taken from the employee's entitlement for the subsequent year must be scheduled and the weeks taken no later than April 30 also.

The selection of "carry over" and "matching" weeks shall have precedence over all other vacation selections for the period of January 1 through April 30 of the subsequent year.

A7.015 Vacation schedules will be posted by the Company after all assignments have been completed, but not later than February 1. Where eligibility to an initial or additional week of vacation occurs after the time the schedules are posted, such vacations may be scheduled to be taken upon completion of necessary service and included on the vacation schedules when posted. The Company will make every reasonable effort to adhere to the schedule, but may make changes in the assignment at any time in conformity with the requirements of the business. If the Company decides to give vacations to more employees at a particular time, the desires of individual employees will be given consideration for these assignments.

Employees may exchange assigned vacations if service requirements permit.

A7.016 If a Holiday occurs during an employee's vacation, the employee will be excused with pay on a scheduled day of another week. This day may be taken at any time prior to April 30 of the succeeding calendar year, in accordance with the provisions outlined in Subsection A10.033.

A7.017 When an employee is unable, due to absence, to take a previously scheduled vacation in October, November or December in any calendar year, he will be permitted to take the unexpended portion of his vacation up to a maximum of two weeks in the next calendar year, subject to the following limitations.

- (1) The absence must be due to reasons beyond the employee's control, such as personal illness, accident or jury duty.
- (2) The absence must start on or after October 1 and prior to the start of the vacation.
- (3) As much of the unexpended vacation as possible must be rescheduled in the calendar year.
- (4) The unexpended vacation must be completed by April 30 of the next calendar year.
- (5) No payment in lieu of vacation will be made unless it is made pursuant to Section A7.04.

A7.018 Employees transferred to Company from an associate company or new employees taken over from other telephone companies at the time of either the purchase of the physical property of such other company or the consolidation or merger of such other company with this Company will, for vacation purposes, be given credit for their continuous service with such other company immediately prior to the transfer, purchase or merger. A vacation will be given such employees in the year of transfer according to the combined length of service of the employee in the other company and this Company, less any vacation already received by the employee in the calendar year.

A7.019 If an employee is drawn to serve on a jury during his scheduled vacation, he will be permitted to reschedule his vacation.

A7.02 *Vacation Payments*

A7.021 Payments for each vacation week will be the basic weekly wage rate except as otherwise provided in this Exhibit A.

A7.022 In general, employees will be paid for the vacation period on the pay day just before the beginning of vacation.

A7.023 Upon the request of the employee, payment for vacation time will be held until the employee returns from vacation.

A7.024 Employees may also be paid in advance for the week preceding the vacation. In this case, payments for that week will be based on the basic weekly wage rate and any adjustments resulting from under or over-payments will be made after the employee returns to duty.

A7.03 *Special Conditions Affecting Vacation Allowances*

A7.031 Treatment granted employees for military leaves of absence is covered in a separate agreement.

A7.032 Employees who retire for any reason other than total physical disability will be given the full vacation to which they are entitled by their years of service, provided there is sufficient time in the calendar year for such vacation prior to the employees' retirement date. If there is not sufficient time, employees will be given a cash allowance in lieu of unused vacation.

A7.033 An employee separated or about to be separated from the service of the Company because of inefficiency or infraction of rules will not be given a vacation.

A7.034 In cases of termination of service due to resignation or layoff, employees will be given a cash allowance in lieu of any unused vacation to which they are entitled by their years of service. In the case of interruption of service for leave of absence or resumption of service from leave of absence (other than those leaves referred to in A7.031), employees will be given unused vacation in that calendar year, to which they are entitled by their years of service, but no cash allowance in lieu of vacation will be given.

A7.04 *Payment for Working Vacation Time*

- A7.041 Employees who are entitled to three or more vacation weeks may, at the sole option of the Company, be afforded the opportunity to receive pay for agreeing to work vacation time, subject to the conditions set forth below.
- A7.042 Only full vacation weeks (including weeks with holidays) may be worked under this Section A7.04. In no event shall vacation days, HV days, floating holidays, excused work days, or reserved time be eligible for payment under this Section.
- A7.043 Employees who are entitled to three or more weeks of vacation in a calendar year are eligible to be offered the opportunity to work vacation time as follows:
- (a) Employees entitled to three weeks vacation are eligible to be offered the opportunity to work one week of vacation.
 - (b) Employees entitled to four or five weeks vacation are eligible to be offered the opportunity to work one or two weeks of vacation.
- A7.044 Within a work group, in order to meet anticipated service needs, the Company may, in its sole discretion, offer to eligible employees the opportunity to work a full vacation week which qualifies for such payment under A7.042 and A7.043 as follows:
- (a) No minimum period of advance notice to eligible employees is required.
 - (b) Eligible employees scheduled for a vacation during a week for which management wishes to offer one or more opportunities to work vacation time will have the opportunity to volunteer to work in order of their credited service, except that employees who, in the opinion of management are not qualified to perform the work which is expected to be performed that week need not be afforded the opportunity to work that week.

(c) Whether to volunteer for an opportunity is within the sole discretion of the employee.

A7.045 An employee shall receive one week's basic wages and shall be paid in accordance with the provisions of this Agreement covering work on a scheduled day of work for each week of vacation which he has agreed to work under this Section. (This payment shall not be used in the computation of overtime, differential, or other premium payments). In the event an employee is absent on a day or days in a week which he has agreed to work under this Section, he shall be paid in accordance with the provisions of Section A4.

A7.046 A vacation week which an employee has elected to work under this Section shall not be available for reselection as vacation time (either as a full week or as individual days as listed in Section A10.033) by another employee in the same work group.

A7.047 This Section will not be raised as a reason for permitting additional employees to take time off.

A7.048 Nothing in this Section shall limit the Company's right under A7.015 to make changes in vacation assignments where the requirements of the business make it necessary.

The work group for selection purposes shall generally be the same as the work group used for vacation selections under A7.012. The selections made by employees under the provisions of this Subsection shall not be subject to change except that service requirements or work load may require that employees work on the days they have selected as their Holidays.

Floating Holidays, once granted, will not normally be subject to change. However, at the employee's request and subject to the requirements of the business as determined by management, employees may change a scheduled Floating Holiday.

Employees (except occasional employees) in any such group for which an Excused Work Day is designated by the Company and who are not otherwise eligible for a paid Excused Work Day shall be excused and paid for such designated day as set forth in A9.01, provided they are on the active payroll of the Company on the designated Excused Work Day.
- A9.04 Employees who are on vacation or absent with pay on their paid Excused Work Day for reasons other than having observed it as an Excused Work Day shall have their paid Excused Work Day rescheduled if a vacation day would have been rescheduled under the same circumstances.

A9.05 If employees agree to work on their paid Excused Work Day and the Company determines that the day cannot be rescheduled, they shall be paid as applicable in accordance with the following subparagraphs:

- (i) Employees who agree to work before the work schedule becomes fixed shall receive one day's pay as set forth in A9.02, in lieu of their Excused Work Day and shall in addition be paid in accordance with the provisions of the Collective Bargaining Agreement covering work on a scheduled day of work.
- (ii) Employees who agree to work after the work schedule becomes fixed shall receive one day's pay as set forth in A9.02, in lieu of their Excused Work Day and shall in addition be paid in accordance with the provisions of the Collective Bargaining Agreement covering work on a non-scheduled day.
- (iii) Time worked by an employee on his or her Excused Work Day shall be considered time worked on a regularly scheduled day of work for all purposes, except as is otherwise expressly provided in this Section.

A9.06 Temporary employees shall not be entitled to Excused Work Days other than Company designated Excused Work Days.

SECTION A10 SCHEDULING OF TIME OFF

A10.01 The provisions of this Section cover the procedures to be followed in scheduling of time off. These procedures relate to provisions of the following Sections of this Agreement:

- Section A7. Vacations, Subsections A7.012, A7.013, A7.016.

- Section A9. Excused Work Days

The provisions of Section A10 shall not be used to alter the above provisions of this Agreement except to the extent required by this Section.

A10.02 For the purposes of this Section A10, time off includes vacation time, Excused Work Days (paid and non-paid), floating holidays, and days in lieu of holidays which occur during a scheduled vacation week and are referred to as “HV” days.

A10.03 The selection and scheduling of time off shall be in accordance with the provisions of this Subsection A10.03.

A10.031 Employees shall select in the priority herein set forth in seniority order within the administrative work group or other appropriate groups which may be designated as set forth in Subsection A7.012. The employees’ selections shall be granted, to the extent practicable, consistent with force requirements and needs of the business.

A10.032 Prior to the beginning of a calendar year, and in accordance with the provisions of A7.012, management will make available to members of the designated groups a schedule for selection of full vacation weeks. Only full week vacations shall be selected at this time.

Within each work group, or other vacation selection group, and in seniority order within the group, individual employees shall be given the opportunity to designate specific dates, if known, upon which they desire to observe the time off to which they are entitled.

Individuals need not designate every day to which they are entitled at this time. Subsequent requests will be considered on the basis of the earliest request to the employee's immediate supervisor or other designated management person. The Company will attempt to accommodate such requests, subject to the needs of the business and force requirements of the work group.

- A10.034 The selection procedure, known as the second priority selection, described in A10.033, will also include selection of "reserve-time". Reserve-time is a block of work days equal to the number of individual time off days to which an employee is entitled but which are not designated by the employee during the second priority selection. This block of days must be selected and scheduled at the same time an employee is given the opportunity to designate individual days off. Reserve-time shall be scheduled consistent with force requirements and the needs of the business, but in any case, not later than April 30 of the succeeding calendar year.

Any time off not taken by an employee prior to the scheduled reserve-time must be taken during the scheduled reserve-time selected by that employee.

REGULAR PART-TIME EMPLOYEES
GROUPS 1 AND 2
(Engaged or Re-engaged prior to January 1, 1981)

SECTION A31
GENERAL

A31.01 Regular Part-Time Employees are those who are employed and normally scheduled to work less hours per average month than comparable Full-Time Employees in the same job title, classification and work group working the same normal daily tour.

This classification will not be used for Regular Full-Time Employees who are temporarily part-timed.

A31.02 With the following exceptions, the provisions of Sections A1 to A10 for Regular Full-Time Employees in Group 1 will apply to Regular Part-Time Employees in Group 1 and the provisions of Sections A11 to A20 for Regular Full-Time Employees in Group 2 will apply to Regular Part-Time Employees in Group 2.

A31.021 The basis of assigning work time for Part-Time Employees is to schedule those employees each week for the number of hours needed to meet service requirements.

Under this condition, part tours are not necessarily of the same length as those defined for Full-Time Employees.

A31.022 All time worked will be paid at the employee's basic hourly wage rate except time worked on Sunday, or on a Holiday, or as provided in A31.027 (b), or time worked in a day or in a week in excess of the number of hours comprising a full tour or a normal work week, respectively, in which cases payment will be made at the premium hourly wage rate. Any hours paid at the premium hourly wage rate for work time in excess of the number of hours included in a full tour will not be duplicated in computing weekly overtime payments.

- A31.023 Where the period worked by a Group 1 Part-Time Employee ends at or after 9:00 P.M. and prior to 8:00 A.M., evening or night tour differentials, as provided in Section A3.06, will be paid only if the period actually worked is in excess of four hours.
- A31.024 Absent time payments and payments for excused time for a Holiday falling during a vacation will be calculated on the basis of the employee's average daily payment in the first four of the six calendar weeks preceding the absence, excluding any weeks containing a Holiday. Differential payments and any premium payments will be excluded in developing such average daily payment.
- A31.025 Vacation payments will be computed by multiplying the average hours worked per week during the first four of the six weeks immediately preceding the vacation by the employee's basic hourly wage rate, provided hours in excess of the number of hours included in a full tour, or hours in excess of the number of hours comprising a normal work week, will be excluded in computing such weekly average.
- A31.026 The Holiday allowance will be determined by multiplying the employee's basic hourly wage rate by either of the following whichever produces the greater amount:
- (a) One-fifth of the average hours worked per week (exclusive of hours in excess of the number included in a full tour or in a normal work week) in the first four of the six calendar weeks immediately preceding the Holiday week, or
 - (b) The number of hours worked on the holiday but not in excess of the number of hours comprising a full tour.

A31.027 Payment for paid Excused Work Days will be as follows:

- (a) For Part-Time Employees who do not work their paid Excused Work Day, payments will be based on one-fifth of the average hours worked per week (exclusive of hours in excess of the number included in a full tour or in a normal work week) in the first four of the six calendar weeks immediately preceding the week in which the paid Excused Work Day falls, including tour differential if it would have been applicable on the Excused Work Day.
- (b) If Part-Time Employees agree to work their paid Excused Work Day and the Company determines that the day cannot be rescheduled, they will be paid in accordance with paragraph (a) preceding, except that if the number of hours actually worked on the Excused Work Day is greater than the number of hours payable under paragraph (a), the greater number of hours, not in excess of a full tour, will be paid, including tour differential if it would have been applicable on the Excused Work Day. In addition, if employees are notified to work their scheduled Excused Work Day at least two days prior thereto, they will be paid for the time worked on the basis of a regularly scheduled day. If at least two days' notice is not given, employees will be paid as if the hours worked were in excess of a full tour.

A31.03 Any Regular Employee who was on the active payroll of the Company as of December 31, 1980, and who works as a Regular Part-Time Employee on or after January 1, 1981, shall thereafter continue, for the duration of that term of employment, to be entitled to working conditions and benefits on the same basis as was applicable to a Regular Part-Time Employee on December 31, 1980.

SECTION A32
PART-TIME EMPLOYEES
(Engaged or Re-engaged after January 1, 1981)

- A32.01 A Part-Time employee is one who is employed and normally scheduled to work less hours per average month than a comparable Full-Time Employee in the same job title, classification and work group working the same normal daily tour.
- A32.02 Except for payment for overtime hours worked, all hours worked by a Part-Time Employee in Phonecenter Stores, Verizon Customer Service Centers, Verizon Phone Booths (Kiosks) DM/DR (Direct Marketing/Direct Response) Centers and any equivalent retail sales or service centers operation, and any employee who is transferred to or employed by any new unregulated subsidiary or affiliated entity in the Verizon Services Group shall be paid at the equivalent basic hourly rate for a comparable Full-Time Employee working a normal daily tour in the same job title, classification, and work group. Payment to a Part-Time Employee for hours worked in excess of an equivalent normal daily tour or work week for a comparable Full-Time Employee shall be at the applicable overtime rate for a comparable Full-Time Employee based on such Part-Time employee's basic hourly rate. Any Regular employee who is on the active payroll of the Company as of December 31, 1980, and who works part-time on or after January 1, 1981, shall thereafter continue, during the current term of employment, to be paid on the same basis as was applicable to such a Part-Time Employee on December 31, 1980.
- A32.03 The classification of a Part-Time Employee is based on the employee's "part-time equivalent work week" which shall be determined prospectively by dividing the employee's total normally scheduled hours per month by 4.35 and rounding the result to the next higher whole number. (Illustration: 68 hours per month divided by 4.35 equals 15.6, rounded to a "part-time equivalent work week" classification of 16).

A32.04 The “part-time equivalent work week” classification of each Part-Time Employee shall be reviewed by the Company no less often than every six (6) months on April 1 and October 1 of each year and adjusted on a prospective basis, if appropriate. In determining whether such adjustment is appropriate, the Company will consider the actual average number of hours worked per month during the preceding six (6) month period and the likelihood that such number of work hours will continue for a reasonably foreseeable period of time except that any hours worked which are paid at the overtime rate shall not be counted in computing the average number of hours worked.

A32.05 For employees, who are hired on or after January 1, 1981, and who work as Regular or Term Part-Time Employees, payments to a Regular or Term Part-Time Employee for sickness disability, accident disability, or death benefits under the “Verizon Pension Plan” or the “Verizon Sickness and Accident Disability Benefit Plan”, vacations, holidays, excused work days, anticipated disability leave, sickness absence (not under the “Verizon Pension Plan” or the “Verizon Sickness and Accident Disability Benefit Plan”), or termination allowance (or its equivalent [termination allowance not applicable to Term employees]) shall be pro-rated based on the relationship of the individual Part-Time Employee’s “part-time equivalent work week” to the normal work week of a comparable Full-Time Employee in the same job title, classification and work group. A Part-Time Employee shall not be paid for absence due to sickness (not under the Verizon Pension Plan” or the “Verizon Sickness and Accident Disability Benefit Plan”) unless such absence due to sickness occurs on a day of the week on which the employee is normally scheduled to work. Regular employees who are on the active payroll of the Company as of December 31, 1980, and who work part-time on or after January 1, 1981, shall thereafter continue, during the current term of employment, to receive payments for the benefits and other items listed above on the same basis as was applicable to a Part-Time Employee on December 31, 1980.

A32.06 Employees who are hired on or after January 1, 1981, and who work as Part-Time Employees shall, if otherwise eligible to participate under the terms of such plans, be eligible for coverage under the Medical Expense Plan, Dental Expense Plan, and Vision Care Plan, as follows:

- (a) Employees whose part-time equivalent work week classification is sixteen (16) or less shall be eligible by enrollment and payment of 100% of the premiums for such coverage;
- (b) Employees whose part-time equivalent work week classification is seventeen (17) through twenty-four (24) shall be eligible by enrollment and payment of 50% of the premiums for such coverage;
- (c) Employees whose part-time equivalent work week classification is twenty-five (25) or more shall be eligible for such coverage on the same basis as a Regular Full-Time Employee;
- (d) Regular employees who are on the active payroll of the Company as of December 31, 1980, shall continue to be eligible for such coverage on the same basis as a Regular Full-Time Employee regardless of classification.

PART-TIMING OF FULL TIME EMPLOYEES

SECTION A41 GENERAL

A41.01 For employees being part-timed under the provisions of Article 8 of this Agreement, the working conditions set forth in Exhibit A will be modified as follows:

A41.011 The worktime schedule, as originally posted for each week, will provide for a normal work week. Not later than Thursday of each week, the Company will indicate on the schedule for the following week the time which the employee will not work. This time, referred to hereafter as "rotation time," will consist of one full tour or one or two half tours.

A41.012 An employee may be assigned to work during the rotation time. No time off will be required to compensate for such time worked and the employee will be paid for it as follows:

- (a) If he is notified up to the end of the last previous tour scheduled before the day affected that he is to work a full or half tour of the rotation time, he will be paid for that tour at his basic hourly wage rate (one and one-half times that rate if on Sunday).
- (b) If the notice specified in (a) above is not given, the time worked will be considered as overtime.

A41.013 If an employee works time in excess of a full tour on a day, or works other time not covered by the definition of a full or half tour, no time off will be required to compensate for such time worked and the employee will be paid for it at the premium hourly wage rate.

A41.014 An employee may be assigned to work a full or half tour on a day on which he was previously not scheduled to work or to work an additional half tour on a day on which he was previously scheduled to work only a half tour. If the total of such time worked plus the scheduled hours worked in the week exceeds 40 hours for a Group 1 Employee or 37-1/2 hours for a Group 2 Employee, the employee may be required to take time off in the same or the next following week, provided that he is so notified before the end of the last scheduled tour preceding the tour or half tour which is to be taken off. The time to be taken off will be the amount by which the above total exceeds 40 hours in the case of a Group 1 Employee or 37-1/2 hours in the case of a Group 2 Employee.

A41.015 The weekly and daily payments specified in Exhibit A will be reduced to payments at the basic hourly wage rates for the time scheduled, excluding rotation time not worked.

A41.016 If no time has been scheduled for any week, as in the case of vacations, the weekly and daily payments specified in Exhibit A will be reduced to payments at the basic hourly wage rates for the amount of time scheduled in that week excluding rotation time, for other employees in the same occupation and location. If there are no other employees in the same occupation and location, the payments for such a week will be based on the employee's then current degree of part-timing.

OCCASIONAL EMPLOYEES

SECTION A51 GENERAL

- A51.01 An Occasional Employee is one who is engaged on a daily basis for a period of not more than three (3) consecutive weeks, or for a cumulative total of not more than thirty (30) days, in any calendar year, regardless of the length of the daily or weekly assignments. An Occasional Employee who actually works or is engaged to work in excess of three (3) consecutive weeks or thirty (30) days in a calendar year shall be reclassified as a Regular, Term, or Temporary, Full-Time or Part-Time Employee, as appropriate.
- A51.02 Wage rates to be paid and any working conditions applying to the particular work for which the employee is engaged will be stated to the employee at the time of engagement.

SECTION A61 TERM EMPLOYEES

- A61.01 Term employees are those whose term of employment is intended to last longer than six (6) months but no longer than thirty-six (36) months. Term employees are engaged with the understanding that they will remain in the same occupational title for the duration of their term of employment.
- A61.02 The provisions of Sections A1 to A10, inclusive, of Exhibit A for Regular employees will apply to Term Full-Time employees.
- A61.03 The provisions of Section A32, Part-Time Employees (Engaged or Re-engaged after January 1, 1981), of Exhibit A will apply to Term Part-Time employees.
- A61.04 At any one time there may be no more than 50 employees in the Plant Organization in the Term classification provided, however, that if at some future time the Company has the need to increase this number of Term employees, the Company will meet to discuss this need with the Union.

A61.05 The Company will give notice to the President of the Union in advance of hiring a Term employee.

NOTES ON WAGE INCREASE
SCHEDULE ADMINISTRATION
AND
WAGE INCREASE SCHEDULES
(SECTIONS A62 AND A63)

SECTION A62
NOTES ON WAGE INCREASE SCHEDULE ADMINISTRATION

A62.01 *General*

A62.011 The Wage Increase Schedules shown in Section A63 provide a plan of wage increases for Regular, Term and Temporary Employees in the occupations shown at the top of each sheet.

A62.012 The wage rate shown at any level of a schedule is the basic weekly wage rate for a normal full-time workweek.

A62.013 Under the heading "Next Increase" are shown the minimum intervals in months between increases and the amounts of the increases to be granted.

If the employee's current rate is not shown on the Wage Increase Schedule and the difference between the rate and the maximum rate is less than the increase shown for the next lower current rate, the increase will be to the maximum rate and the interval reduced proportionately.

- A62.014 Employees will be increased in the interval shown opposite their current rate except that, at the discretion of the Company, an increase may be deferred beyond the stated interval for a further period not to exceed the stated interval. In the event an increase is to be deferred, the employee shall be notified at least 15 days prior to the commencement of the payroll period in which the increase would normally become effective and will be advised of the reason for the deferment. If in the judgment of the Company the employee later merits the increase, when the period of deferment terminates the employee's rate shall be increased by the amount of the deferred increase. The date for the next scheduled wage increase shall be measured from the date the prior increase would normally have been granted had it not been deferred.
- A62.015 If the employee's basic weekly wage rate is adversely affected by a change in occupation, the Company will give serious consideration to any questions raised by the Union before making it effective.
- A62.016 If an employee's rate is to be reduced in accordance with this Section, the Company may, at its own discretion in exceptional cases, decrease the rate by a smaller amount than the total amount specified.
- A62.017 Employees may be hired into any titles at rates in excess of the minimum hiring rate at the Company's discretion. If an employee is hired into a title at a pay rate in excess of the minimum hiring rate for reasons other than job related experience and/or job related training, any employee in that title in the building into which the employee is hired who is at a lower rate of pay will be raised to the rate of the individual hired.

A62.018 *Progression Increase Deferral Upon Return from Absence*

In the event of absence for any reason continuing for more than one month (thirty days) during which the employee was scheduled to receive a progression increase, the employee shall receive his/her progression increase effective the Sunday after he/she returns to work. In addition, the accumulated absence, if over thirty (30) days (one month), will be added to extend the time until the employee's next scheduled progression increase in intervals of thirty (30) days.

A62.019 *Cost-of-Living*

- (1) Effective August 1, 2010, an adjustment will be made in basic weekly rates in each wage schedule in the amount of: (i) one-half of the increase above three and three quarters percent (3.75%) in the "CPI-W" (1982-84 = 100) for May 2010 over May 2009, applied to (ii) the scheduled rates in effect in each wage schedule on July 31, 2010, (iii) rounded to the nearest 50 cents.
- (2) In no event shall a decrease in the CPI-W result in a reduction of any basic weekly wage rate.
- (3) In the event the Bureau of Labor Statistics does not issue the appropriate Consumer Price Indexes on or before the dates referred to in Paragraph 1, the cost-of-living adjustment required by such appropriate indexes shall be effective at the beginning of the first payroll week after receipt of the indexes.
- (4) No adjustment, retroactive or otherwise, shall be made as the result of any revision which may later be made in the first published figures for the CPI-W for May 2009 and May 2010.

- (5) The cost-of-living adjustment is dependent upon the availability of the CPI-W in its present form and calculated on the same basis as the CPI-W for May 2008. In the event the Bureau of Labor Statistics changes the form or the basis of calculating the CPI-W, the Company and the Union agree to request the Bureau to make available, for the life of this agreement, a CPI-W in its present form and calculate it on the same basis as the CPI-W for May 2008, which was 212.788 (1982-84 = 100).

A62.02 The following procedure governs the change of an employee from one occupation to another occupation having a different Wage Increase Schedule:

A62.021 *Change to an occupation with a higher maximum rate.*

A62.022 Except as otherwise provided below, the wage rates of promoted employees will be changed to the rates they would be receiving had they been hired directly into and remained in the new occupation since their net credited service date. This shall be accomplished by reconstructing the employee's wage history as though originally hired into the new occupation.

A62.023 Employees will be placed on the step of the new wage schedule to which promoted as determined by the wage reconstruction process but not to exceed the wage step from maximum rate as shown on the following page:

A62.024 Employees promoted from one occupation to another occupation within the same Title Groupings set forth in A62.023 above will not be subject to the six and/or twelve month step from maximum rate limitation.

- A62.025 Employees promoted to the occupation of Facilities Assigner and who have over four years net credited service, one year of which was spent performing plant line assigning work, will not be subject to the twelve month step from maximum rate limitation.
- A62.026 If at the time of promotion the employee's current wage rate is higher than it would have been had the employee been hired directly into the new occupation, the wage rate will not be reduced.
- A62.027 If at the time of promotion the employee's current wage rate is equal to or higher than the six month or twelve month step from maximum rate, whichever is applicable, the step from maximum rate provision will not apply. In such case, the employee's wage rate will be changed to the rate which would have been received had the employee been hired directly into the new occupation, unless a reduction in the wage rate would result, in which case A62.026 will apply.
- A62.028 A promotional increase will be granted to the extent that the maximum rate for the new occupation is not exceeded.
- A62.029 Employees who are subject to the six and/or twelve month step from maximum rate limitation will have the interval for the next regular increase measured from the date of this change. For all other employees, the interval for the first regular increase will be measured from the last regular increase received prior to the change in occupation.

A62.03 *Change to an occupation with a lower maximum rate.*

A62.031 If the change results from other than force surplus reasons, employees who are changed to an occupation with a lower maximum rate will have their rate reduced to the rate they would be receiving had they been hired into and remained in the new occupation since their net credited service date. This shall be accomplished by reconstructing the employee's wage history as though they were hired into the new occupation. If the employee's rate exceeds the maximum rate of the new occupation, the rate will be reduced to the maximum rate of the new occupation at the time of the change or, at the option of the Company, in several subsequent steps.

A62.032 The interval for the next regular increase will be measured from the date of the last regular increase.

ABSENCE FROM DUTY

(10-19-2012)

A. Effective January 1, 2013:

1. Payment for days scheduled but not worked during the period of seven consecutive calendar days or less beginning with the first day of each absence due to an employee's personal illness or off-duty accident will be capped at ten days. Part-time employees will also be capped at 10 paid days, but the number of hours part-time employees will be paid for each day will be pro-rated based on the number of hours such employees are normally scheduled to work, in the same manner that the Company pro-rates vacation and other paid time for part-time employees. For example, a part-time employee who always works 22.5 hours per week will receive no more than 45 hours of paid incidental absence in a calendar year.
2. All employees may take up to four (4) incidental absence days in a calendar year which shall not be charged against an employee's record for purposes of determining attendance performance on the Company's applicable absence control plan ("Exempt Days"). Incidental absence days, in excess of the four (4) Exempt Days, may be treated in accordance with the Company's applicable absence control plan. This Section XII.A.2 will not apply to an associate until such associate reaches one year of net credited service. The number of Exempt Days for such an associate will be prorated in the year he or she reaches one year of net credited service as follows: (a) an associate who reaches one year of net credited service in the first quarter of the calendar year will receive four (4) Exempt Days; (b) an associate who reaches one year of net credited service in the second quarter will receive three (3) Exempt Days; (c) an associate who reaches one year of net credited service in the third quarter will receive two (2) Exempt Days and (d) an associate who reaches one year of net credited service in the fourth quarter will receive one (1) Exempt Day. This Section XII.A.2 will have no application to tardiness.
3. Employees who use four days or fewer of paid or unpaid incidental absence in a calendar year will receive the following lump sum

payment, prorated for part-time employees, which will be paid no later than the first paycheck in March of the following year. All existing provision(s) pertaining to unpaid incidental absence, including waiting days, will continue in full force and effect.

Number of Paid or Unpaid Incidental Absence Days Used in the Calendar Year	Lump Sum Payment
Zero Days	5 days' pay
More than Zero Days but less than 2 Days	4 days' pay
At least 2 Days but less than 3 Days	3 days' pay
At least 3 Days but less than 4 Days	2 days' pay
4 Days	1 day's pay

B. Prorating Lump Sum Payment for Working a Partial Year.

Eligibility: Regular, Term and Temporary employees who are hired for an assignment expected to last more than one year must be on the payroll for at least 90 days during a calendar year, excluding time not on the job due to SADBP absence and paid and unpaid leave, to be eligible for a lump sum payment pursuant to Section XII.A.3. Temporary employees who are hired for an assignment expected to last one year or less are ineligible for a lump sum payout pursuant to Section XII.A.3. Employees who are discharged for cause on or before December 31 of the calendar year will not be eligible to receive a lump sum payment pursuant to Section XII.A.3.

Proration: The lump sum payment pursuant to Section XII.A.3 will be prorated by twelfths to correspond to the number of months the employee was on the payroll during the calendar year, exclusive of SADBP absence and paid and unpaid leaves. For purposes of proration, a month will be taken into account if the employee was on the payroll on any day of the calendar month, and not on SADBP or other paid or unpaid leave for the entire month.

C. For purposes of incentive pay under this provision, a day's pay shall be paid under this Article at one-fifth the employee's basic weekly rate, excluding differentials and overtime.

- D. Paid incidental absence days will count towards the applicable annual cap.
Unpaid waiting days will not count towards the applicable annual cap.

Inc., Verizon West Virginia Inc., Verizon Pennsylvania Inc., Verizon Delaware Inc., Verizon New Jersey Inc., Verizon Services Corp., Verizon Corporate Services Corp., Verizon Avenue Inc., and Verizon Advanced Data Inc. and Communications Workers of America, AFL-CIO, effective August 3, 2003 (the “2003 MOU”), with an expiration date of August 2, 2008 (unless otherwise noted) are extended by this 2008 Memorandum of Understanding between Verizon Maryland Inc., Verizon Virginia Inc., Verizon Washington, D.C. Inc., Verizon West Virginia Inc., Verizon Pennsylvania Inc., Verizon Delaware Inc., Verizon New Jersey Inc., Verizon Services Corp., and Verizon Corporate Services Corp. (herein the “Company” or “Companies”), and Communications Workers of America, AFL-CIO (hereinafter the “Union” or “CWA”) (“2008 MOU”) for the life of the new collective bargaining agreements, with no change in their terms and will be included in the applicable collective bargaining agreement(s):

All Local, District and International agreements that were valid and enforceable under the 2003 collective bargaining agreements, and which have not been separately renegotiated by the parties in 2008 negotiations, will continue in effect for the life of the new agreements.

On the subject of oral agreements, there is no intention on the Companies' part to change the status of any oral agreement -- whatever contractual status any oral agreement had during the term of the 2003 contracts will remain unchanged unless a change is made subsequent to collective bargaining.

If there are particular oral agreements that the Union wishes to discuss or which become the subject of a dispute after the contract, the Union may bring them to the attention of Labor Relations. If we are unable to resolve the situation, the dispute can be submitted to arbitration under the applicable contractual arbitration procedures.

Mr. James Short
Assistant to Vice President
District 13, CWA
230 South Broad Street, 19th Floor
Philadelphia, PA 19102

Dear Mr. Short:

This letter is to recognize that during 2000 bargaining, the issue of assigning Pennsylvania and Delaware employees to work in other states within the Mid-Atlantic Region (DC, VA, MD, WV, NJ, DE, PA) has been discussed.

In response to concerns raised by the Union, the Company agrees that it will seek volunteers when a need arises to send Pennsylvania or Delaware employees to work in another Mid-Atlantic state. Upon request, the Union agrees to assist the Company in securing volunteers.

In the event of an emergency (such as a major service problem, severe weather, or other Act of God) in the receiving state, the Company will first seek volunteers; however, if there are not enough volunteers, the Company may assign Pennsylvania or Delaware employees to work out of state.

The Company will notify the Union when Pennsylvania or Delaware employees are asked to work out of state.

The terms of this letter will not affect the manner in which the driving titles in the Transportation Services organization have been typically deployed between Pennsylvania and Delaware.

The commitments in this letter will remain in effect for the life of the new Local 13000 and 13101 collective bargaining agreements.

Very truly yours,

(s)Ron Williams

MEMORANDUM OF AGREEMENT

The Diamond State Telephone Company and the United Telephone Workers of Delaware agree to the establishment of a new job called Apprentice Technician (AT) which shall be a 40 hour a week job. The negotiated maximum will be \$410.50 per week with a minimum start rate of \$198.00 per week with a 48 month schedule.

The job duties will involve providing assistance to Services and Systems Technicians, but will not include the termination of wire unless performed under the direction of a Services or Systems Technician. Also included in the duties is any work that could have been contracted out under the terms of our bargaining agreement.

For the life of the current agreement, the Company and Union agree that qualified applicants from the Operator title and other entry level positions will be considered prior to the normal selection procedure. In addition, experience (totaling at least 6 months) as an Apprentice Technician will be counted as an "adder" for U.M.T.P. purposes involving promotions to the Services Technician title.

With the introduction of a new job the Company agrees to provide the following employment protection to Services and Systems Technicians.

Before the Company decides to lay off, part-time, or downgrade regular full-time Services or Systems Technicians of record as of the date of this agreement as a result of technological change or a reduction in workload, it is agreed that the appropriate contract provisions apply and will be utilized to first depopulate the title of Apprentice Technician.

Mr. Terrance Tipping
Staff Representative
District 13, CWA
230 S. Broad Street, 19th floor
Philadelphia, Pennsylvania 19102

Dear Mr. Tipping:

As discussed during 2003 bargaining, Verizon Delaware Inc. and Verizon Services Corp. (collectively "Company") and The United Telephone Workers of Delaware, Local 13101, CWA ("Union") agree to amend the August 11, 1998 letter agreement (modified 8/23/00) on continuing the trial on the use of a warning letter in lieu of suspension for employees with poor absence and tardiness records when administering the Regional Attendance Plan (RAP).

We have agreed upon the following procedure:

1. The procedure will involve all associate employees who are currently represented by Local 13101 or who hereafter become represented by Local 13101.
2. A letter in lieu of suspension may be substituted for any actual suspension warranted when advancing an employee under the RAP, as appropriate.
3. A letter in lieu of suspension may be grieved and arbitrated in a timely fashion as if it were a suspension in accordance with Article 11 ("Demotions for Misconduct, Discharges and Suspensions").
4. Neither the Company nor the Union will take the position that letters in lieu of suspension are not arbitrable. Neither the Company nor the Union will take the position that letters in lieu of suspension are not progressive discipline.
5. It is understood by both parties that the Union's agreement to the procedure set forth above does not mean that the Union agrees with the Company's Regional Attendance Plan.

Sincerely,
s\ Helen M. Hanson
Director-Labor Relations

LETTER OF UNDERSTANDING - "BANDI"

A condition of the Federal Communications Commission's approval of the merger between Bell Atlantic and GTE is the creation of a separate data affiliate ("SDA") to provide certain data services. The parties understand that the SDA, Bell Atlantic Network Data, Inc. ("BANDI") will need to employ employees who are currently employed by some former Bell Atlantic Network Services Companies in bargaining units represented by the CWA ("Union"). The Network Services Companies and the Union hereby agree that bargaining unit employees of the Network Services Companies may be transferred, on a voluntary basis, to employment at BANDI, which shall be treated as a transfer between employers within the same bargaining unit. Simultaneous with such transfers, BANDI will recognize the Union as the exclusive bargaining representative of the transferred employees, and the collective bargaining agreement that governed employees' terms and conditions of employment immediately prior to the change in employer will be amended to add BANDI as a party to the agreement effective as of the date of the first employee's transfer. (If BANDI's corporate name is changed, the new name will be substituted for BANDI.)

BANDI employees will continue to be covered by any promotion, lateral or downgrade plans (as well as all other rights) available to employees of the former Network Services Companies and may continue to avail themselves of the use of these plans.

The parties further understand that as a result of regulatory requirements, BANDI will not be able to provide local concession telephone service to its employees. Instead, bargaining unit employees shall receive \$35 per month to be included in payroll compensation that will be effective upon the first month that a bargaining unit employee becomes employed by BANDI. BANDI employees who retire during the life of the current agreement will receive a lump sum payment of \$2,600, less applicable deductions.

 - A. With regard to that portion of the Broadband Network which is defined in subsection 1(B) as Broadband Facilities, the placement (except for the continued use of Flow Mole or other burying/ trenching methods), transfer, splicing and repair of such Broadband Facilities will be assigned exclusively to employees of the Companies represented by CWA. The only exception will be in the event of an emergency or in a situation where a Company determines that there are extraordinary circumstances that require outside assistance.
 - B. Broadband Facility is defined as any fiber optic cable and associated electronics, coaxial cable and associated electronics, or any other newly developed wire or cable material and associated electronics actually used in the deployment of the Broadband Network to deliver a broad range of voice, data, imaging and video service applications not located within a Company central office which is or will be maintained, operated and majority or wholly owned by one of the Companies and which is or will be located between the vaults of any two Company central offices, or between a customer serving terminal/TAP/ONU and the vault of the "end office" Company central office. These facilities are commonly referred to as inter-office, feeder and distribution outside plant facilities. Broadband Facility does not include traditional copper wire facilities.

2. These provisions concerning Broadband Network shall not apply to support or routing structures, poles, strand, anchors, guys, trees, huts, vaults, conduit, innerduct, rods, trenches or other structures used to support, route or enclose Broadband Facilities or to cable locating activities.
3. All video and telephony work on the remaining portion of the Broadband Network from the serving terminal/TAP/ONU to and including the customer's premises (e.g., drop, inside wire, set top or other equipment) can be performed by Bell Atlantic Communications and Construction Services, Inc. (BACCSI). BACCSI and CWA have reached agreement on a prehire agreement (setting forth competitive wages, benefits and working conditions) that is being signed by those parties simultaneous with this Memorandum of Understanding and is based on the following work jurisdiction and job security provisions:
 - A) BACCSI can perform all work from the serving terminal/TAP/ONU toward the customer, including but not limited to installation and maintenance on drop and inside wire, telephony and video and set tops or other equipment.
 - B) In all General Manager areas (districts) where BACCSI is operating, all regular full-time Network Operations employees of the Companies hired on or before "the Date of this Memorandum" and holding the title of Splicing Technician, Cable Splicing Technician, Systems Technician, Services Technician and Outside Plant Technician will not be subject to layoff. In the event any of these employees' titles are changed but their duties remain essentially unchanged, such employees will continue to have this layoff protection. If BACCSI is not operating in a General Manager area, this layoff protection will not apply.
 - C) In General Manager areas where BACCSI is not operating, the rights of the Companies and CWA regarding the assignment of telephone work described in Section 3(A) are unaffected by these Broadband Network/ Employment Security Provisions. However, in the event of a force adjustment which would result in the layoff, in a General Manager area where BACCSI is not operating, of a regular full-time Network Operations employee who:

- (1) is hired on or before “the Date of this Memorandum”,
- (2) holds the title of Splicing Technician, Cable Splicing Technician, Systems Technician, Services Technician or Outside Plant Technician, and
- (3) would normally have rights to “bump” a less senior employee who is protected by Section 3(B) above, such employee may elect to transfer into the title and location of the less senior protected employee provided that:
 - a) such senior employee shall be eligible for relocation reimbursement or commutation expense in lieu of relocation under the applicable provisions of the collective bargaining agreement, and
 - b) no General Manager area will, in any calendar year, have to absorb such transfers if they exceed two percent (2%) of the average total number of employees in the affected title within the General Manager area during the last three (3) months of the preceding calendar year.

D) The provisions of this Section 3 will supersede any contrary provisions of the applicable collective bargaining agreement.

4. Regarding future work assignments after this Broadband Network agreement expires and regarding work operations not covered by paragraph one (1) or three (3), these provisions on Broadband Network do not modify, increase or diminish, and shall not be construed to modify, increase or diminish the rights of either CWA or the Companies under other provisions of their collective bargaining agreements.

5. Sales of video information and programming will be handled by Bell Atlantic Video Services, Inc. (BVS) and other Video Information Providers (VIPs). It is the Companies' understanding that BVS currently plans to use multiple sales channels. While BVS is a separate company which makes its own labor policy, it is the Companies' intent to aggressively pursue with BVS (if legally permissible) sales opportunities for the Consumer LOB to become an additional in-bound and out-bound sales channel for BVS utilizing the Telephone Canvasser, Telemarketing Representative and other titles.

6. These provisions concerning Broadband Network/Employment Security will be implemented ninety (90) days following ratification of this Memorandum. The use of contractors performing the work covered by paragraph one (1) will be phased out during that ninety (90) day period, subject to any existing contractual arrangements with contractors which cannot be terminated within that period. Any such requirement will be terminated at the first possible date permitted under the agreement with the vendor. These provisions expire on August 8, 1998.

BROADBAND NETWORK/EMPLOYMENT SECURITY PROVISIONS 8-23-00

The Broadband Network/Employment Security Provisions are renewed, as amended below, for the life of the new collective bargaining agreements of the covered Verizon operating telephone companies. The following amendments supersede any contrary or conflicting provisions in the current Broadband Network/Employment Security Provisions. The Broadband Network/Employment Security Provisions, as amended herein, expire on August 2, 2003.

1. Commencing no later than August 1, 2001, Verizon Connected Solutions Inc. (VCS) will no longer perform repair work between the serving terminal/TAP/ONU and the Companies' side of the network interface device ("drop repair work"). Except as provided for below, "drop repair work" will be dispatched exclusively to CWA-represented employees of the Companies ("core" employees). Staffing associated with the return of this work will take place over the period January 1, 2001 through August 1, 2001.

The exclusions to the above commitments are as follows:

- Repair, replacement, and/or connection of buried drops, or "C" wire, after service has been restored or corrected by temporary means, and
 - In an emergency ("event of national importance, fire, explosion, or other catastrophe or severe weather conditions, e.g., Hurricane, Tornado, Blizzard, severe ice damage, or Major Flood").
2. Commencing no later than October 1, 2000, when a "core" employee is dispatched on "drop repair work", and the trouble on that job is at or beyond the customer's side of the network interface device ("inside repair work"), the "inside repair work" will be performed by the "core" employee if the customer is present to provide access at the time of the visit.
 3. The foregoing commitments will not affect the ability of VCS technicians to perform repair work involving the network interface device when dispatched to a repair job involving "inside repair work".

4. Existing VCS technicians will receive full consideration for “core” vacancies created as a result of the implementation of these provisions. VCS technicians hired as “core” employees will not be counted in the 50/50 Internal vs. External Staffing Commitment. Their impact will be fully neutral.
5. These commitments apply only to repair jobs necessary to restore or correct service in response to a specific trouble report.

COMMON INTEREST FORUM (10-19-2012)

The Companies, the CWA and the IBEW mutually believe that it would be beneficial for the parties to engage in periodic discussions regarding the state of the business and workplace issues of mutual concern. Accordingly, as a result of the 2011 negotiations, the Companies and the unions will establish a separate Common Interest Forum ("CIF") for Pennsylvania/Delaware Commercial, Pennsylvania/Delaware Plant, New Jersey CWA, New Jersey IBEW and the Potomac region to facilitate such discussions.

The Pennsylvania/Delaware Commercial CIF will consist of no more than ten union and ten management representatives. The Pennsylvania/Delaware Plant CIF will consist of no more than ten union representatives and ten management representatives. The New Jersey CWA CIF will consist of no more than eight CWA representatives and no more than eight management representatives. The New Jersey IBEW CIF will consist of no more than six IBEW representatives and six management representatives. The Potomac CIF will consist of no more than six union representatives and six management representatives. The unions' representatives will be selected by the unions in their sole discretion. A CWA National Union representative, or the designee of the IBEW Business Manager/President, will attend meetings, but will not be counted against the allotment of union representatives. The management representatives will be selected by the Companies in their sole discretion, but will include at least one Labor Relations Director, one Vice President with responsibility for operations and one Director with responsibility for operations.

The CIF will meet twice a year, at mutually agreeable times and places. The parties will set an agenda in advance of each meeting. Each party has the right to place items of interest on the agenda of any CIF meeting.

The United Telephone Workers of Delaware
350 Gooding Drive
Newark, Delaware 19702

Dear Mr. Wehde:

This is to confirm our understanding of August 23, 1983 concerning concession telephone arrangements after the effective date of the Bell System divestiture for active and retired employees of the Diamond State Telephone Company.

1. As agreed to in national bargaining, all active and retired employees of the Diamond State Telephone Company will receive the terminal equipment (CPE) for which, as of July 1, 1983, they received a concession related to monthly charges. This transfer will occur on the effective date of the pending divestiture of the Diamond State Telephone Company from the Bell System and will be at no cost to the employees.
2. In addition, the Union and the Diamond State Telephone Company have agreed that each active employee with less than thirty (30) years of service on and after the effective date of divestiture will receive a fifty percent (50%) discount on single line local service of whatever residential class he or she elects to subscribe to at his or her residence, such discount to be applicable to all fixed monthly dial tone charges including CALC's authorized by the FCC or a State Regulatory Commission and local message unit charges.

3. Except as provided in Paragraph 6 of this letter, Diamond State Telephone Company and the Union also have agreed that each active employee with thirty (30) or more years of service and each employee who retires after the effective date of divestiture with a Bell Atlantic pension will receive a one hundred percent (100%) discount on single line local service of whatever residential class he or she elects to subscribe to at his or her residence, such discount to be applicable to all fixed monthly dial tone charges including CALC's authorized by the FCC or a State Regulatory Commission and local message unit charges. Moreover, each active and retired employee covered by this paragraph will be allowed up to twenty-five dollars (\$25.00) per month in intra-LATA toll calls, said intra-LATA toll call allowance to include charges for calls within the LATA in which the active or retired employee has service and intra-LATA calls made within any other LATA served by a subsidiary of Bell Atlantic.
4. Diamond State Telephone Company will seek to adopt jointly with other Bell Atlantic Companies uniform procedures for implementation of the arrangements agreed to herein.
5. All of the arrangements agreed to herein are, of course, subject to any necessary regulatory or other governmental approval.
6. Employees who retire on or after January 1, 1996 and who reside in locations outside of Delaware, District of Columbia, Maryland, New Jersey, Pennsylvania, Virginia and West Virginia will not receive concession telephone arrangements.

Dear Mr. Wehde:

This will confirm our agreement that on and after the date of divestiture Diamond State Telephone Company may contract to Western Electric Company or others, work which the Company now has the right to contract to Western Electric Company as an affiliated company under Section 9.03 of our Labor Agreement.

It is understood that this agreement is not intended to expand work which the Company may contract under Section 9.03 but is intended to continue the Company's right to contract work which Western Electric Company may now perform as an affiliated company.

It is understood that this letter agreement applies only to Diamond State Telephone Company post divestiture when Western Electric Company will no longer be affiliated with Diamond State Telephone Company.

Please sign the enclosed copy of this letter and return it to me as a record of our agreement.

Dear Mr. Byrne:

The Bell Atlantic telephone company in Delaware agrees that all splicing of outside copper cable which is owned, maintained, and operated by it and located between two central offices or between the customer serving TAP/Terminal/ONU and the central office is guaranteed to be assigned to Company employees represented by the Union. This commitment will be phased-in over eighteen (18) months from "the Date of this Memorandum" and will terminate on August 8, 1998.

Any such requirement will be terminated at the first possible date thereafter permitted under the agreement with the vendor.

Regarding future assignment of this work after this letter agreement expires and regarding work operations not covered by this letter, the provisions of this letter agreement do not modify, increase, or diminish, and shall not be construed to modify, increase, or diminish the rights of either CWA or the Companies under other provisions of their collective bargaining agreements.

Mr. Edward Mooney
International Vice President
CWA District 2-13, AFL-CIO
230 South Broad Street, 19th Floor
Philadelphia, Pennsylvania 19103

Dear Mr. Mooney:

This will confirm our September 19, 2012, agreement regarding contracting initiatives.

The Company agrees, subject to certain conditions described below, that through 12-31-14, it will not contract out work of a type that it has not contracted out during the three years preceding the effective date of the agreement. This restriction shall not preclude contracting out work to deal with emergency situations including severe weather conditions.

The parties further agree to create a Contracting Initiatives Committee, which will be co-chaired by the CWA District Vice President and a company Senior Operations Manager (or their designee). The CEO of Verizon and the President of CWA shall be ex-officio members of the Committee. Each party may appoint up to two additional members.

The purpose of this Committee is to find ways by which the levels of contracting can be reduced within the Verizon (Mid-Atlantic) Operating companies. The objective is for company employees to do more work in a more productive and efficient manner than that performed by contractors. The company will provide all necessary resources needed by the Committee to carry out its purpose.

In addition, the Company will notify the Union at least six months in advance of planned new, major, contracting initiatives that are to be implemented on or after January 1, 2015, and which affect employees represented by the Union. The Contracting Initiatives Committee will then have the opportunity to discuss such new major initiatives. It is understood, however, that after the end of the six month period, the Company is free to implement

planned, new, major initiatives that do not otherwise violate the collective bargaining agreement.

Very Truly Yours,

ELECTRONIC RECORDING OF CALLS

(10-19-2012)

The provisions of this Article XXIII only apply to electronic recording of calls.

1. The terms of the Service Quality Observing Letters and Articles, Service Quality and Supervisory Observing Article and all other agreements, practices and arbitration awards relating to the observation and evaluation of employee performance will remain in effect and apply to recorded calls, except as modified by the terms of this Article XXIII - Electronic Recording of Calls Agreement or other provisions of the 2012 MOU, and except that the Pennsylvania "Telsam" Award in arbitration case 1822-84, dated February 20, 1986 is no longer in effect. In addition, the Evaluative Observations Agreement, as revised in 2012 (attached as Schedule A), shall apply to recorded evaluative observations of Consultants.

2. For purposes of Supervisory and Service Observing, the Company may electronically record contacts with customers and service-related contacts with other employees.

3. The Company shall not use electronically recorded calls for any reason except as specifically identified in this agreement. The electronic recording of calls will be used for Service Observing (which measures the overall speed, accuracy and efficiency of our telecommunications network and workforces) and Supervisory Observing (which includes Evaluative Observing for determining the quality of individual employee performance and Diagnostic Observing used for individual training and development).

4. The Company will provide the Union with thirty (30) days' notice before implementing electronically recorded Supervisory (Evaluative and Diagnostic) observations in any office.

5. No employee will be disciplined as a result of Service Observing or Diagnostic Observing except for gross customer misconduct (abusive, discourteous behavior towards the customer or dumping/hanging up on the customer) or violations of the Verizon Code of Conduct (sales integrity, slamming, violations of secrecy of communications, falsification of records, failure to perform regulatory requirements or conducting non-business related

activities with a customer on line). Failure to attempt to sell a feature, or to bridge, is not considered gross customer misconduct or a violation of the Verizon Code of Conduct. When calls are electronically recorded, such discipline may only be imposed provided the Company endeavors to provide face-to-face feedback on Service and Diagnostic observations by the close of the day on which the observation was taken but in no event later than the close of the next business day on which both the associate and the supervisor who conducted the observation are on the job and are working at a common work location for their tours. (“Conducted the observation” refers to the supervisor who either conducted a live observation or listened to an electronically recorded call.)

6. Grounds for discipline regarding recorded Evaluative Observations are the same as for unrecorded Evaluative Observations.

7. Electronically recorded calls will be erased after ninety (90) days. Notwithstanding the foregoing, electronically recorded call(s) may be preserved if discipline has been imposed relating to such call(s) or if a call is being preserved for general training purposes (e.g., using the call as an example). For audit and compliance reasons, the Company can preserve some calls for up to a year, which the Company anticipates will be no more than one percent of the total volume of calls. Employees’ personal calls will not be observed or electronically recorded. The Company will provide employees with access to telephones not connected to any type of recording device.

8. Electronic monitoring and call recording equipment and systems will be secured and accessible only to authorized personnel. The identity of the employee being recorded will not be released to any unauthorized persons, which includes other bargaining unit members, except for use in grievance, arbitration and/or legal proceedings. Employees will only be required to listen to electronic recordings of themselves. Employees may be assigned to listen to other employees’ recorded calls only for training purposes and only after the recorded employee has provided written permission for the Company to use his or her call.

Dear Mr. Lindell:

This will confirm our discussion about permanent transfers. When an employee is forced to transfer in title or to a different title with the same or lower maximum wage rate for force adjustment reasons, and a move of residence is not necessary, the Company, before filling any available opening in the employee's title or former title at the old or new location, will, for a period of one year from date of transfer, offer the transferred employee the opportunity to return to the former title and/or location.

When an employee is forced to transfer to a different title with the same or lower maximum wage rate for force adjustment reasons and a move of residence is involved, before filling any available job in the former title at the new location, the Company will, for a period of three years, offer the transferred employee, the opportunity to return to the former title.

Opportunities will not be offered to an employee who voluntarily transfers or to an employee transferred because of inability to adequately perform in a particular job.

An employee rejecting an initial opportunity to return to the former title and/or location will forfeit all return rights.

FOUR DAY WORK WEEK TRIAL 8-23-00

For six (6) months following the ratification of this Agreement, Four-Day Work Week Trials will be implemented in Company jurisdictions under the following terms:

The Company and the Union mutually recognize that, in certain administrative groups, it may be beneficial to the employees and in the best interests of the business to establish four-day work week trials as a normal week. In such cases, the total number of hours presently constituting a five-day normal work week will be scheduled over four days of the calendar week. Four day work weeks will be scheduled on four consecutive days.

Individual tours scheduled during a four day normal work week may or may not be of equal length, but will not be shorter than 7.5 hours or longer than 10 hours. When a four-day schedule is in effect, the duration of tours specified in the Local Agreements will be considered to be expanded accordingly.

The Company, with the Union's input, may institute four-day trials in administrative groups. The Company or the Union may discontinue four-day trials upon fourteen (14) Days' notice to the other party.

In administering four-day trials, the Company will offer four-day work weeks to employees on a voluntary basis in seniority order. If there are insufficient volunteers, four-day work week trials will not be instituted. In BA-PA/CWA Local 13000 only, an employee who is required to work an evening, night, or weekend tour "by virtue of the operation of Section A2.02" of the local agreement may not volunteer for a four day work week. Night differential payments shall be paid pursuant to the applicable differential provision in the local collective bargaining agreements.

When a four-day schedule is in effect as a normal work week overtime payments shall apply to time worked in excess of the new normal daily tour.

Pay allowances for absent time (including sickness absence) occurring during four-day trials will be subject to the conditions specified in this Agreement. When pay treatment is calculated on a daily (as opposed to hourly or weekly) basis, a scheduled day of a four-day trial and a scheduled day of a five-day normal work week will each count as one full day, except with respect to vacations and employee designated excused work day calculations.

Vacation and employee designated excused work days will be assessed in proportion to the ratio between the hours actually scheduled on the tour in question and the hours scheduled on each tour of a five day normal work week for the employee's administrative group. For example, if a 37.5-hour employee scheduled to work three 10-hour days and one 7.5 hour day takes a vacation day on a 10 hour day, all 10 hours (or 1.33 vacation days) will be charged. If that same employee takes a vacation day on the 7.5-hour day, 7.5 hours (or one vacation day) will be charged.

For calendar weeks containing holidays recognized under the Agreement (including floating holidays) or Company designated excused work days, the Company will revert to a five-day schedule.

Subject to the above, four-day trials will be administered in accordance with the applicable provisions of the Local Agreements. The parties may meet locally and discuss other administrative issues raised with respect to the four-day work week. These provisions will become effective upon ratification.

Unless renewed or amended by mutual agreement, these four day work week trials will terminate six (6) months following ratification of this Agreement .

Mr. Terrance Tipping
Staff Representative
District 13, CWA
230 S. Broad Street, 19th floor
Philadelphia, Pennsylvania 19102

Dear Mr. Tipping:

This letter agreement confirms our discussions during 2003 bargaining regarding the continuation of the Trial Grievance Procedure, with modifications. Verizon Delaware Inc. and Verizon Services Corp. (collectively, "Company") and the Communications Workers of America, AFL-CIO on behalf of its affiliated Local 13101 ("Union") agree to replace the parties' existing grievance procedure as set forth in Article 13, with the following process on a trial basis:

- 13.01 Except as provided in subsection (a) of this Section 13.01, any complaint or dispute arising between any employee and the Company shall be presented by the employee or by a representative of the Union to the employee's immediate management supervisor or another designated management person who is mutually agreed upon in an effort to reach a mutually acceptable adjustment.
- (a) Complaints or disputes involving a Human Resources issue (such as promotion bypasses, wage credit issues, Worker's Compensation matters or benefits-related matter) shall be presented directly to Labor Relations Staff. The written statement required by Subsection 13.021 will accompany any Human Resources grievance. The Labor Relations Staff shall be the final step prior to arbitration for all grievances involving a Human Resources issue.
- 13.011 Grievances must be presented within thirty (30) calendar days from the time the employee has knowledge of the act which is the basis of the dispute

13.012 Unless the parties have agreed to an extension of time, the grievance must be heard within 14 calendar days of notification under Subsection 13.011. If the grievance is not heard within the appropriate time frame, the Union may escalate the grievance to the next step in accordance with Section 13.02. In the case of grievances covered by Subsection 13.01 (a), the next step shall be arbitration pursuant to Section 13.08.

13.013 Any settlement or adjustment of a grievance at the first step, including grievances covered by Subsection 13.01 (a), shall be binding only for the particular grievance and shall not constitute precedent. Such settlements or adjustments shall not be used in any legal or arbitration proceeding except in connection with a claim that the settlement has been violated.

13.02 Processing of Grievances Beyond the First Step of the Grievance Procedure

13.021 A written statement will accompany any grievance which is presented at the second step of the grievance procedure. This statement, signed by either the grievant or the Union, shall contain all pertinent information including what is being grieved, the circumstances giving rise to the grievance, the place(s), time(s), date(s), and name(s) of the employee(s) involved, the section(s) of the Agreement alleged to be violated, if any, and the remedy requested.

13.022 Grievances Involving Discipline Only -

If the grievance has not been satisfactorily resolved at the first step, the Union shall present the grievance to the employee's third-tier supervisor or his/her designated representative within ten (10) calendar days from the date it receives the Company's answer at the first step. The grievance shall be heard at the mutual convenience of the parties, but in any event within three (3) weeks from the date the grievance is placed on the agenda. This step shall be the final step for all disciplinary grievances prior to arbitration.

13.023 Grievances Involving Matters Other Than Discipline -

If the grievance has not been satisfactorily resolved at the first step, the Union shall present the grievance directly to the Labor Relations Staff within fourteen (14) calendar days of the answer provided at the first step. The grievance shall be heard at the mutual convenience of the parties, but in any event within four (4) weeks from the date it was presented to the Labor Relations Staff. The Labor Relations Staff shall be the final step for all grievances involving matters other than discipline prior to arbitration.

13.03 The scope of the grievance may be enlarged or reduced at any step with the mutual consent of the parties.

13.04 Grievances held pending for further review shall be answered within seven (7) calendar days after presentation at the first step and fourteen (14) calendar days at the second step. Nothing herein shall preclude the parties from arranging for different time periods whenever deemed appropriate by them or waiving the first step of the grievance process.

13.05 If any grievance is not presented within the time limits specified, unless the parties have agreed to an extension of time or the delay is caused by the Company, the grievance or controversy shall be considered closed.

13.06 The number of employees, including any Union Representatives paid scheduled hours for attending and for reasonable travel time actually consumed, up to a maximum of two hours, in traveling to and from grievance meetings, shall be as follows:

	<u>Number of Employees</u>
Step 1	2
Step 2	4

Additional employees/Representatives may attend and be paid, if requested by the Union and approved by the Company.

13.07 The Company may initiate grievances with Representatives of the Union at any step of the grievance procedure. When the Company initiates a grievance, the same time limits will apply.

13.08 If, at any time, a controversy should arise between the Union and the Company regarding the meaning or application of any provision of this Agreement or regarding a claim that either party has not performed a commitment of this Agreement, the controversy shall be reviewed in accordance with the preceding Sections of this Article. If the controversy is processed under these Sections and is not satisfactorily settled, the Union or the Company, by written notice specifying the Section of the Agreement alleged to be violated, may submit the question under dispute to arbitration in accordance with the provisions of Article 14 of this Agreement. Such written notice of arbitration must be given no later than 60 calendar days from the Company's or the Union's answer or the expiration of time within which to answer at the final step of the grievance procedure. If written notice of arbitration is not given within the time specified, the grievance shall be considered settled. Awards shall be retroactive to the extent provided in Article 18 of this Agreement.

13.09 Nothing in this Agreement in any manner affects the right of an individual employee or group of employees to present grievances to the Company under Article 13 nor affects the rights of the Union under the National Labor Relations Act, as amended. The Company agrees, however, that after a grievance arising under any provision of this Agreement has been referred to a Union Representative and such Representative has dealt with a Company Representative with respect thereto, no Company Representative will adjust or attempt to adjust the grievance with the employee or employees involved unless a Union Representative is first given an opportunity to be present at the adjustment.

For the period of this trial, any references in the 2003 Collective Bargaining Agreement to Article 13 shall mean the trial grievance procedure set forth above.

If either party desires to terminate this trial agreement, it must notify the other party in writing at least 30 days in advance of the proposed termination date and be willing to discuss the matter during the period prior to the proposed termination date. If the parties do not agree to continue or modify this trial procedure before the proposed termination date, it will terminate on that date. Thereafter, the grievance procedure set forth in Article 13 of the 2003 Collective Bargaining Agreement shall be utilized.

Unless renewed or amended by mutual agreement, the provisions of this letter will terminate on August 2, 2008.

Sincerely,

Philadelphia, Pennsylvania 19102

Dear Mr. Tipping:

This letter confirms our agreement during 2003 Bargaining to modify and extend the August 11, 1998 Letter Agreement (modified 8/23/00) regarding the continuation and expansion of the motor vehicle usage program ("Program") pursuant to Article 32 of the Collective Bargaining Agreement between Verizon Delaware Inc. or Verizon Services Corp. ("Company") and the Communications Workers of America, Local 13101 ("Union").

As agreed, in those administrative work units where implemented, an employee who lives in the state of Delaware within 20 miles (*) of his/her current reporting location and who normally uses a Company-provided vehicle in order to perform work ("employee") may volunteer to garage his/her Company-provided vehicle at his/her residence in accordance with the following guidelines outlined in this letter agreement ("guidelines"). These guidelines are not intended to change any of the provisions of Article 32.

1. An employee's contractual rights under the parties' Agreement will not be compromised while participating in the program pursuant to these guidelines. For example, if an employee is entitled to receive the special city allowance, participating in the program pursuant to these guidelines would not affect that right. Similarly, an employee will be compensated for a "call-out" in accordance with Section A3.07 of the Agreement.

2. The Company will designate a "work reporting area" as referenced in Article 32.06 for each employee participating in the program pursuant to these guidelines. In some instances, the "work reporting area" may be the same for two or more employees. In any event, the "work reporting area" will be clearly defined and will normally encompass an area with an approximate 10 mile radius from the employee's residence.

3. An employee's tour will begin when he/she "CATs in" at the start of his/her scheduled tour from his/her residence.

4. Travel time from the employee's residence to his/her first job assignment of the day will be considered work time.

5. If the employee's last job assignment of the day requires him/her to travel to a location outside of the work reporting area as defined in paragraph 2 above, and the employee is outside of his/her work reporting area at the end of his/her scheduled tour, he/she will be compensated for the additional distance which he/she must travel from his/her location at the end of the scheduled tour to the perimeter of his/her work reporting area in accordance with the following table:

<i><u>Distance one-way between the perimeter of the work reporting area and the employee's location outside of the perimeter at the end of his/her scheduled tour</u></i>	<i><u>Travel Allowance</u></i>
0 to 5 Road Miles	\$ 6.21
Over 5 to 10 Road Miles	\$ 9.26
Over 10 to 15 Road Miles	\$12.41
Over 15 to 20 Road Miles	\$15.54
Over 20 to 25 Road Miles	\$18.64
Over 25 to 30 Road Miles	\$21.70
Over 30 to 35 Road Miles	\$24.83

6. An employee who participates in the program pursuant to these guidelines can later elect to withdraw from participation provided he/she gives the Company two (2) weeks' notice. The Company may disqualify an employee from the program pursuant to these guidelines or based on the employee's job performance after giving the Union one week's notice of its intent to do so.

7. At no time and under no circumstances may an employee transport anyone other than an authorized company employee in his/her company vehicle.

8. An employee newly hired or promoted into a title within an administrative work group participating in the program pursuant to these guidelines is not eligible to participate for a period of time not to exceed six (6) months. If the Company deems it necessary to prolong this period of ineligibility for an employee, the Company will notify the Union of its intent.

9. It is not the Company's intent to pre-assign work the day before to participating employees. Exceptions to that would include instances like Company meetings and/or training at an employee's current reporting location, projects of more than one day's duration or the continuation of the previous day's work. In those instances where, due to a project of more than one day's duration or the continuation of the previous day's work, an employee is expected to be at the location of his/her first job assignment at the start of his/her scheduled tour, and that job assignment is outside of the employee's work reporting area, that employee will be compensated in accordance with paragraph 5 above.

10. These guidelines will remain in effect until August 2, 2008.

(*) Employees who are home garaging on August 8, 1998 who either do not reside in the state of Delaware, or who live between 20-35 miles from their normal reporting location will be able to continue participating in this Program. However, if they withdraw from participating in home garaging at any time, or no longer satisfy the criteria set forth in the 12/3/93 Agreement, they must then meet the new eligibility criteria described above to home garage in the future.

Sincerely,

\s\ Helen M. Hanson

Mr. James N. Byrne

Dear Mr. Byrne:

This letter confirms the parties' understanding in 1992 bargaining that, subject to the terms and conditions outlined below, either party may request mediation of a grievance relating to discipline only.

1. Either party may request mediation by providing the other party with written notice within 30 days from the date on which the grievance has been heard at the final step of the grievance procedure. The party to whom notice is given shall have ten (10) working days from receipt of such notice to advise the requesting party whether it agrees to mediate the grievance. Lacking agreement, the request for mediation will constitute a demand for arbitration pursuant to Article 14.
2. If the parties agree to mediate the grievance, they will schedule a mediation conference as expeditiously as possible, but in no event later than one (1) month following the date of their agreement to mediate the grievance. In the event the conference cannot be convened within one (1) month's time, the party who requested mediation can decline mediation and proceed to arbitration within the time limits pursuant to Article 14.
3. Mediators will be selected from either the list of umpires which the parties use for expedited arbitration or from the Federal Mediation and Conciliation Service. Once a mediator is selected and serves in this capacity he or she may not serve as the Impartial Arbitrator in the event the grievance proceeds to arbitration.

4. Mediation conferences shall be held within the district in which the grievant works. Attendance at the conference will be limited to no more than three (3) representatives from the Union and three (3) representatives from the Company. In no event will the Union representatives be paid for their time either traveling to or from the conference or at the conference itself. Should additional representatives from either side be necessary for the complete discovery of the facts, the parties will agree, in advance, on the number of such additional representatives.
5. The mediation conference shall be informal and last not more than four (4) hours. No stenographic or other recording methods of any kind will be permitted at the conference. Handwritten notes, however, may be taken. The rules of evidence will not apply. At the conclusion of the conference any material which one party has provided to the mediator or to the other party will be returned to the party who has provided it.
6. The mediator will have the authority to confer privately with either party during the conference and propose a resolution of the grievance which neither party is required to accept. If the mediator's proposed resolution is unacceptable to one or both parties, the mediator will provide the parties with a written opinion of the merits of the grievance and his or her underlying reasons for such opinion. Nothing said by the mediator or by the parties' representatives during any aspect of the mediation conference and process may be referred to by either party in any subsequent grievance nor arbitration proceeding. Moreover, if the grievance remains unresolved after a mediation attempt, the parties may not in any subsequent joint conference or arbitration involving the grievance refer to the fact that mediation was utilized in an attempt to resolve the grievance. If the parties agree to accept the mediator's proposed resolution, the settlement shall be without prejudice or precedent.

7. The costs of the mediation conference, including the mediator's fees, will be shared equally by the parties.

Very truly yours,

MEDIATION 8-23-00

The provisions on “Mediation Cases” in the 1998 MOU will be continued for the life of the 2000 collective bargaining agreements:

MEDIATION CASES: The Companies will amend their current mediation provisions so that the following types of cases may be submitted to mediation by mutual agreement:

- arbitrable discharge cases;
- disputes where employees allege that they were improperly denied an opportunity to work overtime;
- disputes where it is alleged that management is doing “bargaining unit” work.

Where there is mutual agreement to mediate one or more cases, the parties will reserve two days per month per CWA District for mediation cases. In addition, in jurisdictions with a backlog of mediation cases, the parties will reserve up two additional days per month for the next 6 months in order to address the backlog. However, either party may move a case which is subject to mediation to mediation without agreement of the other party, subject to the following:

- the mediator will serve as a mediator only and will not render a decision if there is no agreed settlement;
- if there is no settlement in mediation, the case may be moved to arbitration through the normal arbitration procedures;
- if there is an arbitration in such case, the person who was the mediator cannot serve as the arbitrator and a party cannot introduce any statements (or documents) made (or produced) by the other party, its witnesses or advocates in the mediation, as evidence in the arbitration.

In addition, suspensions of five days or less may be moved to mediation without agreement, under the normal mediation rules (where the mediator can become an arbitrator if no settlement is reached).

In addition, the following mediation trial will be conducted under each of the local collective bargaining agreements, as follows:

- The trial will last from January 1, 2001 to December 31, 2001.
- The following matters will be subject to mediation without mutual agreement under the normal mediation rules (where the mediator can become an arbitrator if no settlement is reached):
 - Suspensions of up to 10 days
 - Claims of management performing bargaining unit work
 - Claims of an improper “bypass” under a lateral transfer plan (solely for purposes of this trial, whether or not these claims are subject to arbitration under applicable contract provisions)

At the close of the trial, the Company and Union will meet to discuss the trial and to decide whether to continue the trial, by mutual agreement, for a period not exceeding the remaining life of the applicable collective bargaining agreements.

Dear Mr. Tipping:

This will confirm our agreement during 2003 contract negotiations to establish a joint Union-Management Committee to explore ways in which the parties address On Call Assignments.

The committee shall consist of no more than 3 members for the Union and 3 members for the Company and will meet within 3 months of the ratification of the 2003 Agreement.

The committee will engage in joint discussions regarding the possible implementation of trial on-call procedures. It is the objective of the committee to explore options and develop recommendations that can be presented to the duly authorized representatives of the parties.

Dear Mr. Byrne:

This letter replaces the August 23, 1983 letter regarding overtime.

1. Commencing September 1, 2000, the limitation on forced overtime ("cap") for the remainder of 2000 shall be 10 hours per employee per payroll week. Commencing January 1, 2001, this cap on forced overtime shall be 8 hours per employee per payroll week. Voluntary overtime worked will be counted toward the overtime cap, except for the period from January 1, 2001 to September 1, 2001. Upon request, the Union will assist in securing volunteers. These overtime caps will not apply in case of emergency, long term service difficulties or if an employee consents to additional overtime.
2. An "emergency" is an event of national importance, fire, explosion, or other catastrophe, severe weather conditions, major cable and equipment failures, or an act of God.
3. The parties recognize that service difficulties for an extended period may develop from time to time during which suspension of the above overtime limitations would be appropriate. In the event such service difficulties develop, the Company and the Union will meet to discuss the problem and determine how to best deal with the situation.

Dear Mr. Tipping:

As discussed during 2003 bargaining, Verizon Delaware Inc. and Verizon Services Corp. (collectively "Company") and The United Telephone Workers of Delaware, Local 13101, CWA ("Union") agree to amend the August 11, 1998 letter agreement on Overtime - Forced vs. Voluntary.

This letter is in response to the Union's concern that employees are being forced to work mandatory overtime in lieu of volunteers willing to work the overtime. For the duration of the 2003 contract, no employee covered under Exhibit A of the Collective Bargaining Agreement will be forced to work mandatory overtime when there is a suitable volunteer in the same administrative work group who requests and is available to be assigned to the designated overtime work if the volunteer has not yet worked fifteen (15) hours of overtime in that calendar week. In determining whether a particular volunteer is suitable, the Company may consider the type of work to be performed and the volunteer's title, location, qualifications, and experience.

Except as expressly provided above, this letter does not affect the Company's rights and obligations contained in the Letter of Agreement on page 46, the employee's obligation to work overtime that is consecutive with a scheduled tour, or any other right of the Company with regards to overtime administration.

Unless renewed or amended by mutual agreement, the provisions of this letter will terminate on August 2, 2008.

Safety is a concern to the Company and the Union. Except for attending informational meetings, participation in sales and referral incentive programs by employees shall be wholly voluntary and shall not be used for evaluation and/or discipline purposes unless there is dishonesty. SHARING OF CALLS AMONG CENTERS

(10-19-2012)

1. The Companies may implement and expand upon call routing capabilities allowing for the routine transfer and/or routing of calls between and among centers in any location performing like functions, on a next available agent, balanced load or any other basis determined by the Companies, consistent with the terms of this Article X – Sharing of Calls Among Centers. For example, a routine routing of a call between Customer Sales and Service Centers (“CSSCs”) is between centers performing like functions. A routine routing of a call from an Enhanced Verizon Resolution Center (“EVRC”) to a Fiber Solutions Center (“FSC”) is another example of a routing between centers performing like functions, as is a routine routing of a call from an FSC to an EVRC if qualified employees are available at the EVRC to handle the call. On the other hand, a routing of a call from a CSSC to a Business Sales and Billing Center (“BSBC”) is not an example of a routing between centers performing like functions.

2. The centers (“Centers”) subject to this Article X – Sharing of Calls Among Centers include: CSSCs, BSBCs, FSCs, EVRCs, Multilingual Sales and Service Centers (“MSSCs”) and any other or future center designed to combine or integrate the work of these existing Centers.

3. Except as provided in this provision, there will be no limitations, geographic or otherwise, on the Companies’ right to transfer and route calls between and among the Centers, contractor locations and/or individuals working at home, performing like functions. Such calls (other than HSI technical support as described below) subject to this 2012 MOU shall first be routed to available union-represented employees at like-function call centers located in the state in which the calls originate. If no union-represented employees at like-function call centers located in the state in which the calls originate are available to handle calls, the calls will be routed to other union-represented employees in Mid-Atlantic. If no union-represented employees in Mid-Atlantic are available to handle calls, the calls will be routed to union-represented employees in the Northeast. If no union-represented employees in the Northeast are available to handle calls, the calls will be routed to union-represented employees in the United States in a call center outside of the Mid-Atlantic or Northeast footprint. If no union-represented employees in the United States in a call center outside of

the Mid-Atlantic or Northeast footprint are available to handle calls, the calls will be routed to contractors. For purposes of this paragraph, Maryland, Virginia and the District of Columbia will together be considered to be one state. Pennsylvania and Delaware will together be considered to be one state for CSSCs only.

4. Notwithstanding the foregoing, for the time periods of January 1, 2013 to December 31, 2013, January 1, 2014 to December 31, 2014, and January 1, 2015 to December 31, 2015 CSSCs, BSBCs, and MSSCs (collectively referred to in this provision as “Sales and Service Centers”) in the Mid-Atlantic footprint will together handle an aggregate regional call volume that is equivalent to at least 67% of all calls originating from Mid-Atlantic footprint customers between January 1, 2013 and December 31, 2013, between January 1, 2014 and December 31, 2014, and between January 1, 2015 and December 31, 2015 that are routed through the electronic routing system (“ERS”) to Sales and Service Centers, contractor locations and/or individuals working at home. The Companies will provide the Union quarterly with the following information broken out by month: (a) the aggregate regional call volume percentage as described above, (b) the total number of Mid-Atlantic footprint sales and service calls handled in Sales and Service Centers, contractor locations and/or by individuals working at home, and (c) the total number of calls handled by Sales and Service Centers in the Mid-Atlantic footprint and/or employees working at home in the Mid-Atlantic footprint.

5. If the aggregate regional call volume percentage handled in Mid-Atlantic is less than 67% during the first six months of 2013, there shall be no layoffs during the last six months of 2013 of Mid-Atlantic footprint Sales and Service Center associates holding a job title that handles calls that are subject to this paragraph. If the aggregate regional call volume percentage handled in Mid-Atlantic is less than 67% during the last six months of 2013, there shall be no layoffs in the first six months of 2014 of Mid-Atlantic footprint Sales and Service Center associates holding a job title that handles calls that are subject to this paragraph. If the aggregate regional call volume percentage handled in Mid-Atlantic is less than 67% during the first six months of 2014, there shall be no layoffs during the last six months of 2014 of Mid-Atlantic footprint Sales and Service Center associates holding a job title that handles calls that are subject to this paragraph. If the aggregate regional call volume percentage handled in Mid-Atlantic is less than 67% during the last six months of 2014, there shall be no layoffs during the first six months of 2015 of Mid-Atlantic footprint Sales and Service Center associates holding a job title that handles calls that are subject to this paragraph. If the aggregate regional call volume percentage handled in

Mid-Atlantic is less than 67% during the first six months of 2015, there shall be no layoffs during the last six months of 2015 of Mid-Atlantic footprint Sales and Service Center associates holding a job title that handles calls that are subject to this paragraph. If the aggregate regional call volume percentage handled in Mid-Atlantic is less than 67% during the last six months of 2015, there shall be no layoffs during the first six months of 2016 of Mid-Atlantic footprint Sales and Service Center associates holding a job title that handles calls that are subject to this paragraph.

6. For the time period of January 1, 2013 to December 31, 2013, EVRCs and FSCs (collectively referred to in this provision as “Tech Support Centers”) in the Mid-Atlantic footprint will together handle an aggregate regional call volume that is equivalent to at least 52% of all fiber and copper calls (other than HSI calls that are initially routed by the ERS to contractors) originating from Mid-Atlantic footprint customers between January 1, 2013 and December 31, 2013 that are routed through the ERS to Tech Support Centers, contractor locations and/or individuals working at home. The Companies will provide the Union quarterly with the following information broken out by month: (a) the aggregate regional call volume percentage as described above, (b) the total number of Mid-Atlantic footprint tech support calls (other than HSI calls that are initially routed by the ERS to contractors) handled in Tech Support Centers, contractor locations and/or by individuals working at home, and (c) the total number of calls handled by Tech Support Centers in the Mid-Atlantic footprint and/or employees working at home in the Mid-Atlantic footprint.

7. If the aggregate regional call volume percentage handled in Mid-Atlantic is less than 52% during the first six months of 2013, there shall be no layoffs in the last six months of 2013 of Mid-Atlantic footprint Tech Support Center associates holding a job title that handles calls that are subject to this paragraph. If the aggregate regional call volume percentage handled in Mid-Atlantic is less than 52% during the last six months of 2013, there shall be no layoffs in the first six months of 2014 of Mid-Atlantic footprint Tech Support Center associates holding a job title that handles calls that are subject to this paragraph.

8. For the time period of January 1, 2014 to December 31, 2014, Tech Support Centers in the Mid-Atlantic footprint will together handle an aggregate regional call volume that is equivalent to at least 53% of all fiber and copper calls (other than HSI calls that are initially routed by the ERS to contractors) originating from Mid-Atlantic footprint customers between January 1, 2014 and

December 31, 2014 that are routed through the ERS to Tech Support Centers, contractor locations and/or individuals working at home.

9. If the aggregate regional call volume percentage handled in Mid-Atlantic is less than 53% during the first six months of 2014, there shall be no layoffs in the last six months of 2014 of Mid-Atlantic footprint Tech Support Center associates holding a job title that handles calls that are subject to this paragraph. If the aggregate regional call volume percentage handled in Mid-Atlantic is less than 53% during the last six months of 2014, there shall be no layoffs in the first six months of 2015 of Mid-Atlantic footprint Tech Support Center associates holding a job title that handles calls that are subject to this paragraph.

10. For the time period of January 1, 2015 to December 31, 2015, Tech Support Centers in the Mid-Atlantic footprint will together handle an aggregate regional call volume that is equivalent to at least 53% of all fiber and copper calls (other than HSI calls that are initially routed by the ERS to contractors) originating from Mid-Atlantic footprint customers between January 1, 2015 and December 31, 2015 that are routed through the ERS to Tech Support Centers, contractor locations and/or individuals working at home.

11. If the aggregate regional call volume percentage handled in Mid-Atlantic is less than 53% during the first six months of 2015, there shall be no layoffs in the last six months of 2015 of Mid-Atlantic footprint Tech Support Center associates holding a job title that handles calls that are subject to this paragraph. If the aggregate regional call volume percentage handled in Mid-Atlantic is less than 53% during the last six months of 2015, there shall be no layoffs in the first six months of 2016 of Mid-Atlantic footprint Tech Support Center associates holding a job title that handles calls that are subject to this paragraph.

12. For purposes of this article, a calculation of “aggregate regional call volume” shall include all calls, regardless of geographic origin, handled by applicable Centers and/or employees working at home during the applicable time period, and “aggregate regional call volume percentage” shall include calls handled by both IBEW and CWA-represented employees in the Mid-Atlantic footprint. For example, if the regional call volume originating in the Mid-Atlantic footprint for calls routed through the ERS to Sales and Service Centers, contractor locations and/or individuals working from home is 40 million in 2013, Sales and Service Centers in the Mid-Atlantic footprint and/or Mid-Atlantic employees working at home will handle an aggregate of at least 26.8 million

calls (67%) in 2013, which may originate anywhere in the country, provided those calls are routed consistent with the call routing provisions of this Article X – Sharing of Calls Among Centers. Nothing in this provision should be construed or interpreted as a guarantee that a certain amount of work will be performed in any single Center or location.

13. In addition, the Companies may require representatives in any CSSC, BSBC, MSSC, FSC or EVRC to handle customer inquiries and requests as listed below which would have otherwise been handled by or transferred to another Center or individual, if such inquiry or request is either part of a misrouted call (as described below) or a secondary request or inquiry that is part of a properly routed call.

14. Inquiries and requests that CSSC, BSBC and MSSC representatives (or representatives of any other or future center designed to combine or integrate the work of these existing Centers) may be assigned to resolve are:

- a. Customer reports that a TV or specific channel is not working. The representative would click the desktop icon where the set top box is automatically reset and confirm that the issue is resolved.
- b. Customer reports that internet service is not working. The representative would click on the desktop where the router is automatically reset and confirm that the issue is resolved.
- c. Customer requests a check on internet speed. The representative would verify account setup and click the desktop icon to test speed to customer location.
- d. Customer reports phone service problem. The representative would initiate automated test and restoral of service. The ticket would be auto-populated.
- e. Customer requests status of repair ticket. The representative would access the open repair ticket and read the status to the customer.
- f. Customer wants to know where a technician is/the status of a repair visit. The representative would access the information and advise the customer.
- g. Customer requests assistance locating their WiFi credentials, such as WEP key or SSID. The representative would click the desktop tool and

perform the needed steps to instruct the customer where to locate the information on their equipment.

- h. Customer reports an emergency situation (i.e., fire, storm damage, flood) and requests remote activation of service recovery features, such as call forwarding. The representative would access the desktop tool and submit a request to activate the service recovery feature.

15. Inquiries and requests that FSC and EVRC representatives (or representatives of any other or future center designed to combine or integrate the work of these existing Centers) may be assigned to resolve are:

- a. Customer requests out-of-service credit. The representative validates eligibility and submits credit.
- b. Customer wants to order pay-per-view event. The representative would activate pay-per-view order.
- c. Customer wants to add or change a channel package or to add a set top box. The representative would submit an order to add or change the feature or add a set top box.
- d. Customer wants to update their records (e.g., billing address). The representative would access account record and make change.
- e. Customer asks for product information. The representative would access product library to answer question.
- f. Customer asks about bill payment options. The representative would provide options for payment location (web/phone/physical).
- g. Customer requests last month's bill amount. The representative would review account information and advise the customer of the amount.
- h. Customer questions installation charges. The representative would use system to open an investigation.
- i. Customer wants to confirm an order and/or its status. The representative would review order information and change scheduled date, if needed.
- j. Customer requests to add a Value Added Service (VAS) product to their account, such as VISS, Back-up & Storage. The representative

would click the desktop tool and submit an order for the requested product.

- k. Customer requests the need to create or change their account authentication PIN. The representative would review the account and access the desktop tool to submit the update/change request.

16. If the Companies wish to add additional cross functional duties beyond those set forth above, they will provide written notice to the Unions, and they will not implement the additional cross functional duties until 20 days after this written notice is provided. Any such additional cross functional duties will involve customer inquiries and requests that can be resolved by application of representative training comparable to that required for the above lists. In calendar year 2013 and in each succeeding calendar year, the Companies will be permitted to add two additional tasks in each calendar year to the Sales and Support Centers and two additional tasks in each calendar year to the Technical Support Centers subject to the above-stated notice and comparable training requirements. The additional tasks added pursuant to this paragraph will not require training in excess of 120 minutes per task. Other than the additions set forth in the preceding sentences, the Companies will not add any additional cross functional duties in calendar year 2013 or any succeeding calendar year, absent the Union's agreement. The assignment of any duties pursuant to paragraphs 14, 15 and/or 16 will not entitle associates to additional pay.

17. FSC and EVRC representatives will only make sales that are initiated by the customer. FSC and EVRC representatives will also transfer the following types of sales to CSSCs, BSBCs and MSSCs even if the services are requested by the customer: HSI to FiOS service, new video service (FiOS or DirecTV orders), new data service (HSI or FiOS), and changes to bundle packages to add data or video. Types of calls that are currently routed through the ERS to CSSCs, BSBCs and MSSCs will continue to be routed to CSSCs, BSBCs and MSSCs, and types of calls that are currently routed through the ERS to FSCs and EVRCs will continue to be routed to FSCs and EVRCs. While customers may provide insufficient or incorrect information through the ERS that can result in misrouting, if the customer's identified reason for a call routed through the ERS is a sales or billing matter, the ERS will seek to route such calls to CSSC, BSBC or MSSC representatives. If the customer's identified reason for a call routed through the ERS is a problem with the functioning of a service, the ERS will seek to route the call to FSC or EVRC representatives.

18. Beginning upon ratification of this 2012 MOU, training for the Computer and Internet Knowledge Test (“CIKT”) will be offered to Maintenance Administrators (MAs) and Repair Service Clerks (RSCs) up to two times and will be provided during normal work hours. Any MA or RSC who had previously taken training for the CIKT will be eligible for training one additional time. Once an associate successfully passes the CIKT, training for the Fiber Customer Support Analyst (“FCSA”) position will be scheduled and classes will begin once enrollment meets the minimum class size requirement at the Companies’ discretion, consistent with business needs. In connection with the foregoing, current MAs and RSCs in the EVRCs will not be required to participate in a Fiber Customer Support Analyst Structured Interview Revised. MAs and RSCs who do not qualify for the FCSA position, or who do not pass training, will continue to perform MA or RSC functions and will be subject to normal retest guidelines.

19. Maintenance Administrators (“MAs”) and RSCs in the EVRCs (English-speaking only) and FSCs will be tested for FCSA positions, and MAs and RSCs who test qualify and pass training will become FCSAs and will be assigned FCSA work, which can support fiber or copper network customers. Every MA and RSC in Mid-Atlantic EVRCs/FSCs will be offered testing and training for FCSA positions.

20. Beginning within eighteen months of ratification of this 2012 MOU, when High Speed Internet (“HSI”)(copper DSL) technical support calls arrive at an FSC or EVRC, either because they are misdirected or otherwise, the FSC or EVRC will provide the appropriate resolution with associates who are test-qualified and trained in HSI work. When such calls arrive at a CSSC, BSBC or MSSC, the associates will attempt a resolution involving tasks which management determines to assign consistent with the technical support lists set forth above (including any tasks added to that list in the future, consistent with the terms of paragraph 16 above). If those actions will not resolve the issue the call will be transferred to HSI technical support. Customer calls for HSI technical support may be routed to FSCs or EVRCs, such as when FSCs or EVRCs are not fully occupied with other calls, but such calls shall not be required to be routed to FSCs or EVRCs rather than to HSI technical support center contractors.

21. Nothing in this Article X – Sharing of Calls Among Centers modifies, alters or diminishes the Companies’ obligations regarding calls under the “Simpkins EVRC Award” of December 2004, or the agreement under the Pennsylvania “FSC Agreement” of 2010. Further, this call sharing agreement does not supersede either the Simpkins EVRC Award or the FSC Agreement.

22. During the term of this 2012 MOU the Company will maintain a CSSC, BSBC and MSSC presence in Mid-Atlantic. The Company's obligation to maintain a CSSC, BSBC and MSSC presence in Mid-Atlantic will terminate with the expiration of this 2012 MOU and at that time the parties' rights and obligations with respect to maintaining a CSSC, BSBC and MSSC presence in Mid-Atlantic will return to those in effect prior to the effective date of this 2012 MOU.

SHORT NOTICE EXCUSED WORK DAYS (SNEWDs)

8-23-00

Effective, January 1, 2001, and continuing for the calendar years 2002 and 2003, notwithstanding the applicable Excused Work Day provisions in the local collective bargaining agreements, requests to supervision for up to three (3) paid Excused Work Days and one (1) unpaid Excused Work Day will be granted on short notice to employees eligible for paid and unpaid Excused Work Days under the following conditions:

1. The employee must request time off on short notice prior to the start of a scheduled tour or half-tour, but no more than twenty four (24) hours prior to the start of the scheduled tour or half-tour.
2. The Company will grant all Excused Work Days on the basis of the earliest request(s) to supervision provided that the Company may deny any and all requests in work groups of five (5) or more which would result in less than eighty percent (80%) of the scheduled force being available for duty. In a work group of four (4), the Company may deny any and all requests which would result in only one or two scheduled employees being available for duty. In a work group of 3, the Company may deny any and all requests which would result in only one employee being available for duty. This paragraph does not apply to a work group of one or two employees.
3. The work group shall be the same as the group designated for purposes of vacation selection.
4. Short Notice Excused Work Days may be taken in one-half (1/2) day increments; however, no more than one full day may be requested at any one time.
5. In each work group, the Company may designate up to four (4) work days in any month as unavailable for Short Notice Excused Work Days. Such designations will be made in accord with work schedule posting requirements.

6. The Company will have the right to deny any and all requests during any severe service disruption that may be caused, for example, by a natural disaster or other calamity (e.g., fires, explosions, civil disturbances, wars, acts of terrorism, major utility and transportation disruptions). Disputes regarding the application of the terms and conditions of Short Notice Excused Work Days may be submitted to the grievance procedure; however, neither these provisions nor their interpretation and application shall be subject to arbitration.

ENHANCED STAFFING INFORMATION
8-23-00

Over the life of the 2000 collective bargaining agreement, the Company will continue to provide on a monthly basis, separate associate staffing reports which reflect the number of new hires, promotions and laterals by state, city, work location and job title.

Over the life of the 2000 collective bargaining agreement, the Company will continue to provide on a quarterly basis, job forecasts by job title, city, major work location (i.e., work locations with 25 or more associates) and state.

These reports will be provided to each major work location (25 or more associates) and to the appropriate Local union offices; electronic or other automated means may be used instead of paper distribution where mutually agreed. A report that includes the names and Net Credited Service Dates (or dates of hire in the case of new hires) for employees promoted, laterally transferred or hired will be provided to the appropriate local Union offices.

“FREEZING” PROMOTIONS AND LATERAL TRANSFERS
8-11-98

On “the Effective Date of this Memorandum”, the Companies will discontinue its practice in PA, DE and NJ of restricting promotions out of a particular organization or work group (sometimes referred to as imposing a “freeze” on promotions). This practice does not exist in DC, MD, VA, and WV. Effective 10/1/98, with regard to lateral transfers out of a director’s work group, during any nine month period, there will be at least three months when lateral transfers may not be frozen and in no case would they be frozen for more than two consecutive months, subject to local lateral transfer plans and applicable contract provisions.

**INTERNAL/EXTERNAL DESIGNATIONS ON JVRs
AND STAFFING CRITERIA
8-11-98**

Within thirty days following “the Effective Date of this Memorandum” the Companies will remove the “internal” and “external” designations from the Job Vacancy Request form. In addition, the Companies reaffirm that the best qualified candidate, whether internal or external, will be selected to fill a job vacancy. With regard to internal candidates, seniority will continue to be considered in accordance with existing contractual provisions.

**INTERNAL vs. EXTERNAL STAFFING COMMITMENT
8-11-98**

Except for entry level positions (see Attachment B), the Companies will fill at least 50% of their regular full-time requisitions with qualified internal candidates (promotions or transfers) commencing 1/1/99 and terminating 8/5/00. Failure to meet this requirement will be excused when caused by major changes in business circumstances (e.g., business/work volumes significantly higher or lower than projected for sustained periods of time, extraordinary and severe service disruptions, natural disasters, other calamities). This commitment is also contingent on there being qualified internal candidates. Furthermore, the Companies’ compliance with this commitment will be measured on a full calendar year basis aggregating all requisitions within each particular bargaining unit, except in DC, MD, VA and WV the aggregation of requisitions will be by state. Status reports will be provided to the Union at the end of each calendar quarter.

ADVERTISING AND CLASSIFYING JOB VACANCIES 8-23-00

The Company agrees that effective January 1, 2001, all regular full-time, regular part-time, and temporary Associate Vacancy Requests (AVRs) submitted to the Associate Staffing Center will be advertised for ten (10) business days via STAR (or any future system which replaces or complements STAR). This replaces the 8/11/98 job advertising commitment in New Jersey.

The Company also reaffirms that the designations “internal” and “external” will not be placed on Associate Vacancy Requests (AVR). In addition, the Company reaffirms that the best-qualified candidate, whether internal or external, will be selected to fill a job vacancy. With regard to internal candidates, seniority will continue to be considered in accordance with existing contractual provisions.

Dear Mr. Tipping:

This letter will confirm the Company's commitment made during 2003 collective bargaining that for the life of the current collective bargaining agreement, any time spent by an employee in a job title while that employee is in the Term classification will not count towards the time in current title requirements of the Regional Associate Mobility Plan ("RAMP").

Nothing in this letter should be read to suggest that the Company and Union have negotiated any provision of RAMP or that the Union accepts RAMP, either in whole or in part. This letter is simply a commitment by the Company regarding how it will administer a single RAMP requirement for the life of the August 2003 collective bargaining agreement.

Very truly yours,

Dear Mr. Tipping:

This letter agreement is intended to modify Subsections A2.015 and A2.016 for the titles listed under the respective subsections. This letter agreement shall remain in effect through August 5, 2000.

In each supervisor's group, not more than once every three months, such employees with 25 years or more of service will advise their immediate supervisor as to the normally scheduled tours they desire to work. The requested assignments will be granted to the extent and in such combinations that it is practicable to do so in accordance with service and training requirements, proper coverage and normal scheduling procedures, as determined by the Company, and the Company will endeavor to schedule employees on evening tours, night tours, or Saturdays or Sundays so that employees with 25 years or more of service will not be required to work such tours. If circumstances require the Company to consider utilizing employees with 25 years or more of service, such as a major project, cutovers, or the circumstances described in Subsection A2.018, the Company will utilize volunteers if possible. If an insufficient number of volunteers exist, subsection A2.018 will apply. It is understood that this letter agreement is not intended to modify or diminish the Company's right to assign employees in cases of emergency.

Except in cases of emergency, major project, cutovers, or the circumstances described in Subsection A2.018, the Company will endeavor to schedule employees on evening tours, night tours, or Saturdays or Sundays so that no employee in a supervisor's group with less than 25 years of service shall be required to work such tours for more than fifty (50) percent of the year. In those supervisor's groups where it is anticipated that employees with less than 25 years of service will be required to work either evening tours, night tours, or Saturdays or Sundays more than fifty (50) percent of the year, the Director, or his/her designated representative, and the Union will meet in accordance with Subsection A2.018.

This commitment is being made with the Union's agreement that the Union will not attempt to influence any employee on his/her choice of tour. In addition, the Union agrees to withdraw arbitration case #0455-96 without prejudice or precedent.

Sincerely,

Dear Mr. Tipping:

This letter confirms our agreement in 2003 negotiations on an alternate procedure to using the provisions of Section A2.015 for the scheduling of tours.

Beginning in the fall of 2003, when vacation assignment discussions are held, under Section A7.012, the appropriate Union Representative will inform the Company of the tour scheduling method to be used during the following calendar year in the administrative group(s) that Representative is responsible for. The Representative may designate one of the two tour selection methods described in the next paragraph.

The two alternate tour scheduling methods are (1) scheduling tours using the provisions of Section A2.015, or (2) scheduling based on employees, on a semi-annual basis (normally in December and June), selecting their tours on the basis of their net credited service to the extent that service requirements permit. It is recognized by both the Union and the Company that the requirements of the business make it necessary for certain employees to be assigned to tours other than those they might select.

This agreement will remain in effect for the life of the 2003 Agreement.

Sincerely,

**TREATMENT OF GRIEVANCES SETTLED BY THE PARTIES OR
ARBITRATION AWARDS WHICH INVOLVE BACKPAY
AND/OR REINSTATEMENT**

9-5-03

If, as a result of the settlement of a grievance by the parties or an arbitration award, the grievant is to receive back pay and/or reinstatement following a discharge, layoff, demotion, or suspension, unless and to the extent the settlement or arbitration award specifies otherwise, the employee will be entitled to the following compensation and benefits, and no other compensation (other than any back pay awarded or agreed upon) or benefits:

1. In the case of a discharged employee reinstated to employment with full back pay, or regardless of the amount of back pay if the settlement or award specifies that the employee is to be “made whole” for the entire period off the payroll, the employee shall receive, less any applicable deductions: (a) full service credit under the pension plan for the period off the payroll, (b) reimbursement for the COBRA premiums the employee paid for medical, dental and/or vision coverage if the employee continued those coverage(s) under COBRA, or if the employee did not continue those coverage(s) under COBRA, reimbursement for premiums paid by the employee for medical, dental and/or vision coverage not to exceed the amount the employee would have paid as premiums for such coverage(s) had the employee elected COBRA coverage and reimbursement for out-of-pocket medical, vision and dental expenses if, under the provisions of the applicable plans, the employee would not have incurred these expenses if they had remained on the payroll. The appropriate Plan Administrator would determine which expenses would be reimbursable. Copies of bills and receipts for services provided must be submitted in order for the employee to be eligible for a

reimbursement. (c) any Corporate Profit Sharing Award(s) the employee would have received but for the termination, (d) any Ratification Bonus the employee would have received but for the termination, (e) reimbursement for telephone-related services that would have been covered by Concession Telephone Service had the employee remained on the payroll, (f) recognition of the time off the payroll as “hours worked” for purposes of FMLA eligibility, and (g) if a reinstated employee was a participant in the Verizon Savings and Security Plan for Mid-Atlantic Associates, the Companies will deduct from any backpay awarded or agreed upon, the contributions the employee would have made based on the last election on file as of the date of the employee’s termination, and the employee will receive the Companies match in his or her Savings and Security Plan account to which the employee would have been entitled proportionate to the employee’s contribution.

2. A laid off employee who is reinstated as a result of a grievance settlement or arbitration award shall receive the compensation and benefits set forth in paragraph 1 irrespective of the amount of back pay the employee is to receive.
3. In the case of a discharged employee reinstated to employment with no back pay or partial back pay, pursuant to a settlement or award which does not specify that the employee is to be “made whole” for the entire period off the payroll, the employee shall receive, less any applicable deductions, the following, each of which will be prorated as specified: (a) prorated service credit under the pension plan for the period off the payroll based upon the ratio between the amount of back pay and the amount which the employee would have received in pay if continuously employed, with immediate bridging of service, and (b) reimbursement for the COBRA premiums the employee paid for medical, dental and/or vision coverage if the employee continued those coverage(s) under COBRA, or if the employee did not continue those coverage(s) under COBRA, reimbursement for premiums paid by the employee for medical, dental and/or vision coverage not to

exceed the amount the employee would have paid as premiums for such coverage(s) had the employee elected COBRA coverage and reimbursement for out-of-pocket medical, vision and dental expenses if, under the provisions of the applicable plans, the employee would not have incurred these expenses if they had remained on the payroll, based upon the employee's coverage at the time of the discharge, prorated for the period off the payroll based upon the ratio between the amount of back pay and the amount which the employee would have received in pay if continuously employed (The appropriate Plan Administrator will determine which expenses will be reimbursable. Copies of bills and receipts for services provided must be submitted in order for the employee to be eligible for a reimbursement), (c) any Corporate Profit Sharing Award(s) the employee would have received but for the termination, prorated according to Section 3 of the Corporate Profit Sharing Plan, so that the employee receives one-twelfth of the applicable Corporate Profit Sharing Award(s) for each full month's worth of backpay awarded, (d) any Ratification Bonus the employee would have received but for the termination, prorated for the period off the payroll based upon the ratio between the amount of back pay and the amount which the employee would have received in pay if continuously employed, (e) reimbursement for telephone-related services that would have been covered by Concession Telephone Service had the employee remained on the payroll, prorated for the period off the payroll based upon the ratio between the amount of back pay and the amount which the employee would have received in pay if continuously employed, (f) recognition of the time off the payroll as "hours worked" for purposes of FMLA eligibility, prorated for the period off the payroll based upon the ratio between the amount of back pay and the amount which the employee would have received in pay if continuously employed, and (g) if a reinstated employee was a participant in the Verizon Savings and Security Plan for Mid-Atlantic Associates, the Companies will deduct from any backpay awarded or agreed upon, the contributions the employee would have made based on the last election on file as of the date of the employee's termination prorated for the period off the payroll based upon the ratio between the amount of back pay and the amount which the employee would have received in pay if continuously employed, and the employee will receive the Company match in his or her Savings and Security Plan account to which the employee would have been entitled proportionate to the employee's contribution.

4. Any backpay awarded or agreed upon will be reduced by the amount of money the employee received under any governmental unemployment compensation program, and the amount of money the employee received from other employment, during the period the employee was discharged or suspended.

VACATION SCHEDULING PERCENTAGES (10-19-2012)

At least 18% of the employees in each vacation administrative work group shall be permitted to schedule time off in a given week, except that 12% will apply to requests for vacation time submitted fewer than five business days in advance of the requested days(s) off.

Where the application of the percentage figures specified above results in other than a whole number, the number yielded will be rounded up to the next whole number.

Regarding vacation availability during traditional fall hunting season and the December holiday season, management will make a reasonable effort to consider the need for higher availability.

Those work groups whose vacation availability is currently greater than the percentages specified above, will not be required to reduce their vacation scheduling availability.

Voluntary Overtime in the Forced Overtime Build Agreement

Dear Jim,

Where overtime limitations (caps) exist in the Mid-Atlantic States' jurisdictions, the Companies agree for the purposes of determining whether an employee has worked the specified overtime cap, voluntary overtime will count toward any such forced overtime cap. Upon request, the Union will assist in securing volunteers to work overtime. As a result of this commitment, the Union agrees to move any other existing overtime related issues and matters to the Common Issues table.
