DECISION AND CERTIFICATION OF RESULTS OF ELECTION

The National Labor Relations Board has considered objections in a mixed manual and mail ballot election held from October 13, 2010, to November 12, 2010, and the Regional Director's report recommending disposition of them. The election was conducted pursuant to a Stipulated Election Agreement. The tally of ballots shows 49 ballots cast for and 100 ballots cast against the Petitioner, with 4 void ballots and 20 challenged ballots, an insufficient number to affect the results.

No exceptions have been filed to the Regional Director's report within the time provided. Accordingly, the Board adopts the Regional Director's findings and recommendations, and finds that a certification of results of election should be issued.

CERTIFICATION OF RESULTS OF ELECTION

IT IS CERTIFIED that a majority of the valid ballots have not been cast for Nuclear Professionals Union of America, and that it is not the exclusive collective-bargaining representative of these bargaining unit employees.

Dated, Washington, D.C., February 17, 2011.

By direction of the Board:
