ORDER

Employer's and Local 707, International Brotherhood of Teamsters' Requests for Review of the Regional Director's Decision and Direction of Election are denied as they raise no substantial issues warranting review.¹

CRAIG BECKER,

MEMBER

¹ In denying review, we find it unnecessary to rely on the Regional Director's findings that there is no recognition bar in this case because the specific notice-posting requirements set forth in *Dana Corp.*, 351 NLRB 434 (2007) were not met, and that the parties' collective-bargaining agreement does not bar an election under *Dana Corp.*'s "parallel modification" of the contract bar doctrine.
