ORDER

The Petitioner's Request for Review of the Regional Director's Decision and Direction of Election¹ is denied as it raises no substantial issues warranting review.²

KENT Y. HIROZAWA, MEMBER

LAUREN McFERRAN, MEMBER

Dated, Washington, D.C., July 27, 2016.

¹ The Regional Director subsequently issued a Supplemental Decision and Order Dismissing Petition. The Petitioner has not requested review of any of the Regional Director's findings in her Supplemental Decision.

² In denying review, we agree with the Regional Director's finding that there are two historical multilocation units, and the Petitioner has not shown compelling circumstances that would warrant disturbing these historical units. See *Met Electrical Testing Co.*, 331 NLRB 872, 872 (2000).
