Re: Littlejohn Electrical Solutions, LLC
Case 16-CA-214170

Dear Mr. Littlejohn:

By letter dated May 2, 2019, I rejected Respondent's exceptions and brief in support of exceptions as untimely. After receiving that letter, you contacted the Executive Secretary's office and provided further information, including that you are situated in Denton, Texas, where there were two tornadoes Tuesday night and subsequent power outages; that you had emailed the other parties copies of your exceptions and supporting brief before midnight on May 1; and that you had confirmation numbers for the documents that you had tried to e-file.

Upon further review, the certificate of service on the exceptions and supporting brief is dated May 1, 2019, and it appears that actual service was effected by email upon the other parties on that date. Given that the other parties were timely served, that the documents were E-filed only a few minutes late, and the tornados/severe weather/power outages, the Executive Secretary's Office has decided to accept the late-filed documents. The reasons provided for the delay constitute extenuating circumstances and no undue prejudice will result to the other parties. Accordingly, the Respondent's exceptions and brief in support of exceptions will be forwarded to the Board for review.

Very truly yours,

/s/ Leigh A. Reardon
Associate Executive Secretary
