Case 08-CB-238577

EXTENSION OF TIME TO FILE EXCEPTIONS AND SUPPORTING BRIEF

General Counsel has filed a request in the above-referenced case for an extension of time to file exceptions to the Administrative Law Judge's Decision and brief in support of exceptions to February 5, 2020. In addition, Counsel for the Respondent has requested an extension of time for filing their answering briefs to exceptions and cross-exceptions to March 6, 2020.¹

It has been our experience that numerous issues can arise with respect to the filing with and acceptance by the Board of exceptions, cross-exceptions, briefs in support and answering briefs. The resolution of such issues often affects the remainder of the briefing schedule which can result in confusion over due dates for the other briefs. Accordingly, it is our preference and practice to entertain extension requests only with respect to the documents and briefs currently due. Thus, at this time we will entertain extension requests regarding the due date for the filing of exceptions and supporting briefs, but we are not willing to decide extension requests for the remainder of the briefing schedule.

Accordingly, the request for an extension of time for the filing of exceptions and supporting briefs is granted to February 5, 2020. This extension for filing exceptions and supporting briefs applies to all parties. **In all other respects, the request for an extension of time is denied.** Any party may request an extension of time to file answering briefs and cross-exceptions after exceptions have been filed.

Region

¹ If the due date for exceptions is extended to February 5, 2010, the normal due date for answers to exceptions and cross-exceptions would be 14 days later, or February 19, 2020.
